## Searching for a Blood Donor for Mrs. Marcus Over the Entire Nation

Efforts of Sam Marcus, Kingston Man, to Find Recovered Victim of Streptococcus Viridans are Unavailing; Wife Weakens.

### A RARE DISEASE

Cases in Chicago and Lexington, Ky., But Blood Transfusions Cannot Be Arranged.

Mrs. Sylvia Marcus, 63 Hasbrouck avenue, weakened steadily in her fight against a streptococcus infection today while Samuel Marcus, her husband, appealed to friends throughout the nation to find a blood donor capable of saving her life.

No one except a person cured of the same disease has the type of blood needed for a transfusion.

Marcus, a druggist, said he communicated with the parents of Philip Levitt, of Chicago, suffering from a similar ailment and that they said if their child recovered in time they would consent to a transfusion.

Young Levitt was given blood on Sept. 4 by 13-year-old Maurice Oldham, of Lexington, Ky., who fought the disease successfully a few years ago.

Marcus said that Dr. T. M. Marks, of Lexington, to whom he appealed for help, replied that the Oldham boy "cannot be available for more blood for some time to come, even if his blood might match your wife's and be suitable."

Dr. Mortimer B. Downer said Mrs. Marcus' condition is critical and she must have a transfusion soon. The 27-year-old mother was stricken more than two months ago while visiting in Kansas City with her husband and their three-year-old son, Alvin.

Marcus said he has been given injections of serum but that physicians said it would take a month to "condition" his blood. Hundreds of persons, he added, have offered their blood but none has been found suitable.

The husband said he had asked Steve Rose of (5640 Kenmore avenue) Chicago to get in contact with the Levitts and that Rose had written him as follows:

"The outcome of the infection that the Levitt parents took is not known yet and won't be for a month. According to the mother, Mrs. Levitt, the boy has shown a lot of improvement and if he will be able in the next couple of months and if you still need him they will come to New York."

Marcus said he received a telegram later from Mrs. Rose declaring that the Roses "received a call from police that they found a man, Alfred A. McCarthy in Pleasantville, N. Y., who has the type of blood and will give for Sylvia."

A Misunderstanding  
Chicago, Sept. 17 (AP).—Mrs. Morris Levitt, whose son, Philip, 7, is being treated for viridans streptococcus infection, said today a report that she had consented to let the boy— in the event of his recovery—give a blood transfusion to an eastern sufferer from the same disease was untrue and the result of a misunderstanding.

Samuel Marcus of Kingston, N. Y., was quoted last night as saying Philip's parents had agreed to permit him to give a transfusion to Marcus' wife, Sylvia, 27, if the boy recovered in time.

Mrs. Levitt said this would not be possible. "Philip's blood is not the same type as Mrs. Marcus' and he couldn't help if we permitted him," Mrs. Levitt said.

"I told a Chicago relative of Mrs. Marcus that if Philip recovered in time I would consent to a transfusion of my own blood."

She pointed out that she had been indicted for the rare disease and said her blood was the same type, designated as "type four."

She said she also gave Mrs. Marcus relative the name of a would-be donor, Alfred A. McCarthy of Pleasantville, N. Y., whose blood was "type four." This man, she said, had offered to help Philip but his blood was not satisfactory.

Mrs. Levitt said her son was "doing nicely" and she believed he was on the road to recovery.

Treasury Receipts  
Washington, Sept. 17 (AP).—The position of the treasury on September 15: Receipts, \$1,066,318; expenditures, \$502,434,218; balance, \$2,235,846,618.15; customs receipts for the month, \$14,052,347.13. Receipts for the fiscal year (since July 1), \$33,258,432,367; expenditures, \$1,270,462,358,921; including \$462,282,569.21 of emergency expenditures; excess of expenditures, \$428,612,084.96; gross debt, \$23,815,428,004.78; an increase of \$444,244,761.75 over the previous day; gold assets, \$10,760,755,235.77.

Night to Expect Contributions  
Washington, Sept. 17 (AP).—President Roosevelt today called on his cabinet to expect greater private financial contributions to the relief of the victims of the recent flood. About 200 members of the mobilization for human needs board heard Mr. Roosevelt, speaking from the south porch of the White House, say that "happily, private organizations are now in a better position to accomplish greater things than for many years past."

## Execution by Explosion of 1,700 Postponed to Give the Fascists Chance to Surrender

Mayor of the City Says Postponement Also Was Ordered to Put Finishing Touches to Mining of the Shell-Battered Citadel—Led By General Franco Fascists Flung 175,000 Men at Toledo and Madrid On Three Main Fronts.

### Rabbi H. I. Bloom To Take Part in Drive for Peace

RABBI H. I. BLOOM

Herbert I. Bloom of Temple Emanuel, this city, is to aid the fall drive of the Emergency Peace Campaign as one of its 300 national speakers. More than 500 meetings will be held during October and November in as many cities in every state of the Union, culminating in huge mass peace gatherings on Armistice Day.

The Emergency Peace Campaign, which was inaugurated last April and has already reached 278 cities over the entire country, aims to keep the United States from going to war, and war out of the world. George Lansbury, eminent British laborite and peace-worker, came to this country at that time to lend his voice to the international cry for peace.

Youth of high school and college age, labor organizations, church societies, farm clubs, women's and men's business groups have all been synchronized into a powerful expression of peace sentiment in the United States during the last five months by the Emergency Peace Campaign. Directed by Ray Newton, of the American Friends' Service Committee, which initiated this movement with headquarters in Philadelphia, the city of brotherly love, individuals from the above enumerated groups as well as 34 active peace organizations are represented on the campaign's council.

This summer 175 young men and women have enlisted in 7 groups, coordinating constructive outdoor labor projects and study groups in connection with various industries. Social changes by non-violent methods are being taught and practiced simultaneously in this project which the Emergency Peace Campaign is running in conjunction with the American Friends' Service Committee.

The Youth Section has 44 units, composed of 250 peace-trained college men and women, located in 25 states in rural areas this summer. These students have been trained at peace institutes held this spring at five colleges. They will remain in the field until the end of August, spreading peace education, sounding out legislative candidates on their neutrality and armament sentiments, showing peace movies, organizing parades and presenting plays.

The Labor Division is conducting six anti-war institutes at Bryn Mawr College, Brookwood Labor College, at Brevard, N. C., at the University of Wisconsin, at Northwestern University and at Commonwealth College in Arkansas. This is the first time in American labor annals that selected delegates from all unions have met together to study scientifically the causes and prevention of war.

The coming speakers campaign this fall will carry the work done in the youth drive into adult circles. In the youth drive last spring every state but Wyoming shared in the campaign. This October multiple meetings of churches, synagogues, and various clubs and school groups will be held in the 27 cities already visited by the campaign. In 200 undivided cities large mass meetings and one-day conferences will be conducted.

Fred Atkins Moore, who heads the Emergency Peace Campaign's Speakers' Bureau, had assembled many brilliant and distinguished lecturers among the 200, who are volunteering their time and energies gratis. Dr. Harry Emerson Fosdick is one of the 100 speakers. Sherwood Eddy, Kirby Page and many other leaders are devoting a month to this work as they feel war-prevention is so strong.

By JAMES OLDFIELD  
(Copyright, 1936, By Associated Press)  
Toledo, Spain, Sept. 17.—Execution by explosion of 1,700 men, women and children in Toledo's Alcazar was postponed at the last minute today, the mayor of the city told the Associated Press, to give the beleaguered Fascists one more chance to surrender.

The postponement also was ordered to put the finishing touches to the mining of the shell-battered citadel—led by General Franco Fascists flung 175,000 men at Toledo and Madrid on three main fronts.

However, he said, the Alcazar is likely to be blown up "soon."

Government forces warned the 1,700 defiant insurgents and the non-combatants last night that refusal to surrender would mean destruction of the historic fortress with probable death to all inside.

(Although the government set dawn, Spanish time, as the deadline late reports today from London declared the situation at Toledo was unchanged—apparently meaning the blast had not been set off.)

Socialist laborers, soldiers, working in cramped quarters in tunnels under the Alcazar, completed laying the charges of T. N. T. yesterday. Each charge consisted of more than a ton of the high explosive.

The mines were placed on either side of the southwest tower of the ancient fortress-palace under the Puerta de Carros (carriage gate) and under the Puerta Capuchinos (Gate of the Capuchins).

Electric cables connected the charges along 100 yards of underground wires to two switches in the office of Mayor Perez Aguirre in city hall.

The wires, which may carry death to the voluntary prisoners, were strung along Juan Labrador and Bisquit Over streets.

Final Opportunity  
Lieut. Col. Luis Barcelo, military commander of the Socialist forces in Toledo, asserted he would give the defiant Fascists a final opportunity to surrender. He said he might allow them two hours to make up their minds.

Then, he declared, if the warnings were not heeded, he would press the switches to blow the Alcazar sky-high and end the siege of insurgents who have defied all government efforts to dislodge them for two months.

The government's "terrible decision"—considered such because of the possible death of the women and children—was reached after 10 days of efforts to persuade the men to leave the helpless non-combatants.

Led by neutral diplomats, Socialist officials appealed to the insurgents. Their pleas went unheeded. The government even promised safe conduct, food and clothing for the women and children. The Fascists refused to answer.

Then, in preparation for the explosion, authorities ordered all buildings within a two-mile radius of the Alcazar evacuated—and sent the final warning into the fortress.

175,000 Fascists in Action  
By RAMON BLARDONY  
(Copyright, 1936, By Associated Press)  
Madrid, Sept. 17.—Led personally by Gen. Francisco Franco, Spanish Fascists flung 175,000 men at Toledo and Madrid on three main fronts today.

A bloody engagement, reported by government sources to be the "fiercest battle since the outbreak of the revolution" was raging several miles from Toledo, ancient capital of the kingdom of Ferdinand and Isabella.

There, too, a last minute delay gave 1,700 Fascist men, women and children a final chance to evacuate the shell-battered Alcazar before it is blown to bits from underground mines filled with tons of TNT.

(Fascist radio stations at Jerez de la Frontera and Sevilla buzzed with jubilant broadcasts concerning the fighting near Toledo. The Jerez station said 1,000 government militiamen had been killed and that Toledo was about to fall. The Sevilla station asserted the insurgents had occupied the Tietar valley on the Talavera front northwest of Toledo.)

Franco, supreme commander of all the Fascist forces in the nine weeks of war, was in the thick of the Toledo battle, while Madrid rushed thousands of fresh militiamen into the hard-pressed ranks of the defenders.

Only 34 miles west of Madrid, at San Martin de Valdeiglesia, a simultaneous Fascist drive began, and a third assault started from Sigüenza, 70 miles northeast of Madrid.

Fierce warfare raged at intervening points in the lofty Guadarrama mountains which guard the capital. Franco, the government said it had learned, has boasted he can rush almost a million men into action for a final assault on the capital "in two weeks."

Government artillery batteries in the Guadarrama passed opened a deadly fire of shells as the Fascist forces attempted to scale the jagged

## Former Spanish Queen Victoria Eugenie, In U. S. to Visit Her Son

Infanta Beatriz Accompanies Her Mother on Visit to Ailing Son, Alfonso, Count of Covadonga, Sick in Medical Center.

### IS QUEEN OF SORROW

Trouble Has Been Her Lot Since 26 Were Killed on Her Wedding Day and Dress Bloodstained.

By EDWARD J. NEIL  
(Associated Press Staff Writer)  
New York, Sept. 17 (AP).—Into the troubled world of her ailing son, Alfonso, Count of Covadonga, sailed the queen of trouble, Victoria Eugenie of Spain, today.

With her from their exile in France came her eldest daughter, Infanta Beatriz, aboard the Conte Di Savoia.

As soon as the great Italian liner hove to in quarantine, a small motor launch, the Nepenthe, drew alongside and Victoria entered it, to speed up the Hudson river.

She left Beatriz and her son-in-law aboard the Conte Di Savoia. Also left behind was the Grand Duchess Marie of Russia, who had gone out to the liner on the customs cutter.

In the Medical Center here, Alfonso, 29 years old, was resting comfortably, recovering from his 11th blood transfusion in the three weeks he has been under treatment there for haemophilia, an illness that results in constant bleeding from the slightest kind of cuts. The present condition started from the lancing of a boil.

Tangled Marital Affairs  
And in the law courts his attorneys opposed the latest development in Alfonso's tangled marital affairs, a demand of his wife, Edelmira de Bourbon, that the prince be ordered to start alimony payments before his mother can take him out of the country and the reach of its laws.

The count is suing for annulment of his marriage to the Cuban commoner for whom he renounced his rights to the Spanish throne his father abandoned in 1931.

This queen of trouble was dressed all in black—only a few strands of live, white pearls relieved the somberness of her attire as she hurried to the Harkness Pavilion of the Medical Center where her son lay waiting.

City and hospital authorities were expecting her. A small police guard stood at the hospital entrance. The queen arrived suddenly, silently. A black limousine with a liveried chauffeur brought her. With the queen was a woman companion, dressed in identical fashion.

The chauffeur made one false move—he tried to drive in through the "exit" gate, but backed out again at a word from a policeman and drove to the proper entrance. Then the queen alighted. It was virtually the first time her feet had trod American soil, for she had stepped from the speed boat at its dock to the automobile.

She appeared tall. A broad-brimmed, modish hat covered her blonde hair. Her face was calm. She walked in a fashion which could only be called "queenly."

Goes to Son at Once  
Within the hospital, she went at once to confer with Dr. Antonio Valencia, who took her to her son.

Problems, troubles have been more or less constant companions of the English princess on whose wedding day in May, 1906, 26 were killed, 110 wounded by a bomb thrown in a bouquet of flowers at their stately procession from the Church of San Geronimo El Real in Madrid.

Blood that splashed her wedding gown then seemed almost the fatal omen of tragedies to follow—bleeding to death of her youngest son, Don Gonzale, in Switzerland in 1934, after a slight automobile accident, and the red flood pouring through revolution-torn Spain today.

Years she has lived in Paris, estranged from King Alfonso. Bizarre and romantic, as well as near-tragic, has been the career of the son to whose bedside she came today.

His marriage to the lively Cuban girl, Edelmira Sampedro, in Switzerland, displaced his mother, as did that of another son, Jaime, also to a commoner. The queen finally was reconciled to Alfonso's marriage, and met his wife, at the bedside of the prince when he narrowly escaped.

## Severe Tropical Hurricane Moving Northwestward Over Atlantic; Red Cross Ready

Single Survivor Tells of Tragic Fate of 39 Scientists and Sailors Who Drowned After Ship Was Ripped to Pieces.

### TRAGIC ACCOUNT

Efforts of Crew Were Repulsed by Mountainous Waves Breaking Over Little Vessel.

Reykjavik, Iceland, Sept. 17 (AP).—A single survivor told today of the tragic fate of 39 scientists and sailors who drowned after the grounded French Polar exploration ship Pourquoi Pas was ripped to pieces by a hurricane off Iceland.

He was Eugene Geonidec, ship's petty officer whom the raging waves cast up on the rocky shore. Farmers found him on the rocks—unconscious, half-frozen and tied to a piece of wood.

Near the spot where he was thrown, the pounded bodies of 30 of the victims were recovered later. Among them was Captain Jean Baptiste Charcot, distinguished Arctic and Antarctic explorer whose leadership of scientific expeditions won for him the title of "Admiral Byrd of France."

Geonidec was taken to a farm house where, after being given coffee and wrapped in warm blankets, he recovered consciousness. He fell into a deep sleep for many hours before he awoke to tell the story of the disaster.

The Pourquoi Pas, returning from a five-month expedition, ran into the hurricane yesterday, he said. The ship with its crew and scientists was en route to Copenhagen where the explorers were to be welcomed by the Danish Geographical Society.

The 449-ton wooden ship tried to beat her way back to Reykjavik but ran aground early Wednesday, the survivor declared. The vessel began to leak and its auxiliary engine was stopped.

The crew tried to launch lifeboats, Geonidec asserted. Their efforts were repulsed by mountainous waves breaking over the little vessel. The high seas even washed away all lifebelts, he declared.

Geonidec, who described his own escape as "miraculous," said the expedition members and crew then tried their only chance—to swim to safety. But only Geonidec was able to reach shore alive.

On the coast, residents of the district watched the men sink in the battering waves. A short time later the Danish gunboat Aegir found only the mast tops of the doomed ship protruding from the water.

The expedition was sponsored by the Paris Trocadero Museum of Ethnography and sailed from Copenhagen April 25.

Dr. Charcot, 69, led numerous expeditions into the north and south polar seas and won decorations from both the French and British governments.

"LADY PEACE" RESCUE PARTY ARRIVES AT SCENE

Musgrave Harbor, Nfld., Sept. 17 (AP).—The rescue party led by Captain Eddie Rickenbacker reached here today after a stormy 17-hour boat trip from Harbor Grace to help Harry Richmond and Dick Merrill put their trans-Atlantic monoplane back into the air.

Dug out of the box in which Richmond and Merrill landed on their return trans-oceanic flight, the airplane "Lady Peace" was ready to be wheeled to the hard surface of a nearby beach.

Twenty-one men have worked night and day building a 500-foot runway of planks to wheel the plane over to the beach where Richmond and Merrill hope to take off for Harbor Grace.

Leaves for Hyde Park  
Eastport, Me., Sept. 17 (AP).—President Roosevelt's mother, Mrs. James R. Roosevelt, left her Cambridge Island, N. H., summer home today for Hyde Park, N. Y., after a week's stay. She was accompanied by Mrs. C. W. Short of Washington, D. C. It was Mrs. Roosevelt's second visit to her summer home this season. She was there when the President made his vacation cruise up the coast in early July.

Interactive Campaign  
New York, Sept. 17 (AP).—Opening a conference of Republican leaders from Maine to Florida, Rep. Joseph W. Martin, eastern division campaign manager, said today the Republican party would soon inaugurate an intensive campaign not only in the border state of Maryland, but in Virginia, North Carolina, and Florida.

First Lady In  
Washington, Sept. 17 (AP).—Mrs. Franklin D. Roosevelt was ordered to bed today by her physician who said she was suffering with an attack of grippe. White House officials said she was running a temperature but that her condition was not alarming.

### Hurricane Warnings Ordered Along Atlantic

Jacksonville, Fla., Sept. 17 (AP).—The weather bureau today ordered hurricane warnings displayed from Wilmington to Beaufort, N. C., effective at noon, eastern standard time, as a severe tropical storm approached the Cape Hatteras section of the Atlantic seaboard.

Two hours earlier the forecasters ordered hurricane warnings displayed from Beaufort to Manteo and storm warnings displayed from the Virginia Capes to Southport, N. C.

The storm, described by the weather observers as of full hurricane intensity (winds of more than 75 miles an hour), continued to move closer to the mainland without slackening its speed or losing any of its fury.

The noon advisory said: "Warnings changed to hurricane north of Wilmington to Beaufort, N. C. hurricane warnings now displayed north of Wilmington to Manteo. Storm warnings elsewhere from the Virginia Capes to Southport, N. C."

Bridge City Widow Killed; Beacon Man Accused of Murder

Poughkeepsie Woman Fatally Shot, Son Found Her Lying in Hall After Hearing Shot—Ill Feeling Present, Authorities Say.

Poughkeepsie, N. Y., Sept. 17 (AP).—Ray Morgan, 23, of Beacon, was held without bail today on a charge of murder, first degree, in connection with the fatal shooting of Mrs. Catherine Hall, 67, a widow.

District Attorney John R. Schwartz, who lodged the charge, said there had been ill feeling between Morgan and Frank Hall, 46, son of the dead woman. Schwartz said Morgan's mother, Mrs. Marion Morgan, had gone to keep house for Hall in his Main street apartment against her son's wishes.

Mrs. Hall died in a hospital an hour after her son found her lying in the front hallway of her home. Detective Captain Joseph Shelly said she told him she responded to a knock at the front door and was shot down when she called out "who's here?"

The shot awakened Hall, who was sleeping upstairs, and he rushed down to find his mother lying wounded in front of the door.

Dr. Howard P. Carpenter, assistant medical examiner, said he had taken a .22 calibre rifle bullet from Mrs. Hall's body. He said she died of an internal hemorrhage.

Poughkeepsie and Beacon police and state troopers arrested Morgan at his home and said they found a .22 calibre rifle among three guns there.

Morgan was arraigned before City Judge Charles Corbally and was held without bail for a preliminary examination, the date of which was not set.

WOMAN WHO DEFEATED KING SAYS SHE WAS ASSAULTED

New York, Sept. 17 (AP).—Beatrice Gottlieb, blonde American golfer who defeated King Edward VIII when he was Prince of Wales, was taken to Metropolitan Hospital today for treatment after alleging she was assaulted in a cabaret at Rockaway Beach, Queens.

Carey Phelan, 44, proprietor of the Seaside Inn at Rockaway Beach, was charged with the assault and arraigned in magistrate's court at Jamaica yesterday. His bail was fixed at \$1,000 and hearing set for October 1. He pleaded innocent.

Ask For Raise

Schenectady, N. Y., Sept. 17 (AP).—The executive office of the General Electric Company said today that union employees had requested a general wage increase of ten cents an hour for all employees. Further comment was declined pending a formal statement from President Gerard Swope, promised for tomorrow.

Lane Charged With Drunken Driving

Following an accident early this morning on the Plank road Chauncy Lane was arrested by State Trooper Reilly and arraigned before Justice of the Peace Walter Webster of the town of Ulster on a charge of driving a car while intoxicated. Before the justice hall in the town of Ulster was given pending a hearing which was set down for 2 o'clock this afternoon in Judge Webster's court. No one was reported injured in the accident between the Lane car and the other car involved.

Expected To Pass To East of Cape Hatteras During the Later Part of This Afternoon or Early Tonight.

### COAST GUARD SET

Red Cross Officials Mobilizing Their Forces Along the Carolina Coast Against Possible Emergency.

Jacksonville, Fla., Sept. 17 (AP).—The weather bureau said today a severe tropical hurricane moving northwestward over the Atlantic Ocean "probably will pass to the east of Cape Hatteras during the latter part of this afternoon or early tonight."

Forecasters here said the storm center was about 260 miles southeast of Cape Hatteras at 7 a. m. Eastern Standard Time. Its forward movement is increasing "with some indications of turning north northwestward."

They said if the indicated curve to the northwest continues the hurricane may miss the North Carolina coastline but may not pull to the north and east sufficiently to miss the entire seaboard section.

Storm warnings were ordered displayed from Southport, N. C., to the Virginia Capes and all vessels along the coast were warned to beware of "this severe storm."

American Red Cross mobilized their forces along the Carolina coast against the possible emergency. George Myer, disaster relief work went to Raleigh, N. C., to direct preparations.

The weather bureau here said all small craft on the coast north of Jacksonville should remain in port until the storm danger passes. It advised "interests on North Carolina coast" to stand by for later advice.

Most extensive in years, the disturbance was marked by gales and squalls over a 500-mile diameter and hurricane winds (75 M. P. H. or more) over a "considerable area around the center."

It menaced the island of Bermuda yesterday but met increased resistance from a mass of cool air over the North Atlantic and was shunted more to the west.

Dunn based his hopes for a recovery to the north and northwest on a weakening of the high pressure bank. The usual course of such disturbances is to the northeast once they move north of the 30th parallel of latitude.

Coast Guard Ready to Act  
Washington, Sept. 17 (AP).—The coast guard reported today ten sailing cutters are standing by along the southern Atlantic coast, ready to give aid to any ships endangered by the hurricane believed approaching.

Two of the vessels are in the Key West section, two at Miami, one at Port Everglade, one at Savannah, Ga., one at Wilmington, N. C., and three at Norfolk, Va.

Headquarters here said also that planes at the Coast Guard air base at Miami are prepared to fly out over the sea, dropping warning messages to small craft without radio.

Trucks equipped with radios will be sent into any area likely to be hit by the hurricane, to keep Coast Guard headquarters informed of conditions.

Hurried Preparations  
Wilmington, N. C., Sept. 17 (AP).—The North Carolina coast country, lying in the indicated path of a dangerous tropical hurricane, took hurried precautions today and anxiously awaited weather reports.

Unless the storm veers—about a 50-50 chance, last night's advisories said—its center was expected to hit Cape Hatteras late tomorrow.

All craft hugged the harbors, and many residents of sparsely settled sections along the North Carolina banks and the outlying islands were advised of the storm's progress.

The North Carolina coast is often affected by gales, but no extension of life has resulted from a storm in recent years.

The last serious "blow" was in 1932 when a tropical hurricane hit Florida and swept across the Middle Atlantic States to the ocean.

The Red Cross was already active, and contacted all its workers in this area to stand by as a precautionary measure.

ASSOCIATED PRESS EDITOR GETS ITALY'S WAR CROSS

New York, Sept. 17 (AP).—When Mark Barron, city editor of the New York staff of the Associated Press, came to his office today, he found this message on his desk, a cable from Rome:

Graziani wires you personally from Addis Ababa. "I am happy to inform you have been awarded Italian war cross for military valor on the field for the following reasons: American war correspondent, participated with imperturbable courage in the operations leading to the capture of Nebbi, until brave attack of tropical malaria conducted him to the point of death in the Nebbi zone from January 12 to 20, 1935. Heartiest congratulations and cordial salutes."

## Flower Show Held at St. Remy

Wednesday, September 9, proved to be an ideal day for the fourth annual flower, fruit and vegetable show of the St. Remy Church which was held at the Red Men's Hall. ### Ald For Jurors

Cleveland, O.—Judge Frank S. Day ordered a microphone set up in front of the witness chair in his court room.

"Jurors will be able to sit back and relax and still hear the testimony," he explained.

Albany, N. Y.—Mrs. Max Heller looked a second time at a newspaper picture of a group of parade spectators, then took the picture to the police station.

She told officers one of the group was her husband, whom she had not seen for six years, since he left her with two children.

Police enlarged the photo, found a man they said was Heller in Rensselaer, and held him on a disorderly conduct charge.

### Wrong Prospect

Kansas City—R. H. Howser, book salesman, tried to sell a set of books on how to reduce your income tax to David Nolan, head of the intelligence unit of the Internal Revenue Department here, and was arrested.

Nolan said he had received several complaints about a man offering a similar set of books, who threatened his unwilling prospects with arrest, posing as an investigator for the revenue department.

Howser denied the charge.

### Sure to Show

Los Angeles—Lee Moore, charged with participating in the \$30,000 high seas robbery of the gambling ship Monte Carlo last year, explained to Federal Judge Albert Lee Stephens his chief witness was a "horse follower—I don't know where to locate

him now, but he's sure to show up when the ponies start to run." The trial was postponed until January 28, after the start of the racing season at Santa Anita.

### AMERICAN LABOR PARTY

#### WILL RALLY HERE TONIGHT

An organizational rally of the American Labor Party will take place

tonight at 8 o'clock in Pythian Hall on Broadway, with Gustave Strebel, the party's organizer, as the principal speaker, and Mabel Fischer, tentative secretary of the Kingston section of the party presiding.

Mr. Strebel will report on the progress of the campaign throughout the state and the meeting will make plans for carrying the American Labor Party Campaign to all the

voters in the Kingston area. The American Labor Party will have its own column and emblem on the ballot on Election Day, with President Roosevelt and Governor Lehman as its candidates. Many trade union executives will be present at the rally tonight and an invitation has been extended to progressive minded citizens in all walks of life.

### Lights of New York

by L. L. STEVENSON

Meanderings and meditations: Gypsy women, with rings on their fingers and in their ears, strolling lower Fifth avenue. . . . Wonder why they're not cut on the open road. . . . Perhaps fortune-telling business is better in the city. . . . The jaunty umbrellas of sidewalk cafes giving a touch of color to the scene. . . . With customers surveying the passing show as they eat. . . . The trembling wreck of a once well-known actor. . . . who though threadbare, still lives in the glories of the past. . . . Youngsters shouting as they splash in the Washington square fountain. . . . Not necessary for them to travel to a beach. . . . and be jostled by crowds. . . . A Greenwich village iceman making deliveries in an old perambulator. . . . A hot breath from a cleaning and pressing establishment. . . . with the tailor singing as he slides his iron back and forth. . . . Jacques Romano, who's made so many trips to Europe lately he's practically a commuter. . . . The gay-colored bottles of a rolling soda fountain.

A Third street youngster whose costume is a piece of newspaper tied about his waist. . . . That's my idea of clothing at this season. . . . A little restaurant whose patrons eat on the cuff until they sell a poem or short story. . . . When they settle, the owner throws a party. . . . A small boy and a girl mourning because a penny put in a peanut vending machine brought no results. . . . Many subway vending machine customers have that same experience. . . . Maybe it's the heat. . . . Blocked off lower West side streets filled with playing children. . . . Annoying to motorists but safety insurance for youngsters. . . . A strong odor of boiling cabbage. . . . corned beef probably cooking along with it. . . . my idea of the low in eating. . . . Wonder how much frozen custard is sold out at Coney on a hot Sunday? . . . and how many ice cream cones? . . . A mockingbird in a cage outside a delicatessen. . . . but it isn't singing.

John J. Woelfle, general manager of the Hotel McAlpin, who has been made an admiral on the staff of Governor Davey of Ohio. . . . he served in the navy during the war. . . . and his hotel has a marine grill. . . . Bernie Tassaler, city hall reporter of the Long Island Daily Press, the newlywed of the press room. . . . Cyril Arthur Player, editor of Barron's, who knows the meaning of neuritis. . . . and K. C. Hogate, star first baseman of the Saints and Sinners. . . . Dr. Nicholas Murray Butler, who returned recently from Europe. . . . So many vacationers want to come home from abroad at the same time that some of the lines have scheduled extra sailings. . . . More subway trains would be a greater help to some of us.

Bad luck to run out of gasoline on the new Tri-borough bridge. . . . costs fifty cents to get towed off. . . . which is twice the toll. . . . But that \$64,000,000 structure sure is a boon to motorists. . . . A River-side drive traffic snarl made me think of that. . . . Wish I were aboard that rusty tramp slipping down the river with her flags showing she's outward bound. . . . Demerra, with 126 degrees, didn't seem any hotter than New York at 102. . . . But nobody was in a hurry down there. . . . and a couple of flour sacks make a suit. . . . Just finished Rockwell Kent's "Salamina." . . . Being about Greenland, it's a proper book for this time of year.

Sailors strolling Broadway with their white uniforms making them look cool. . . . Chorines on their way to rehearsal. . . . That's no hot weather job. . . . though their costumes may be bathing suits. . . . A mounted policeman washing his horse's face with a big sponge. . . . Roses a cent a piece. . . . A huge cross-country bus coming to an abrupt stop to allow a blind man to tap his way across Forty-third street. . . . An ancient chewing gum peddler looking more wilted than her wares.

Maybe this is old. . . . but I just heard of it. . . . In old days, flappers checked their corsets when they went to dances. . . . The modern misses don't do that. . . . they merely wind themselves up in adhesive tape. . . . Prosperity return notes: During the first month the new Astor roof was open, 40,000 guests were entertained. . . . they spent more than \$100,000.

### Jail Is Empty Year in City of Bad Men

Skagway, Alaska. —No longer is Skagway the city of bad men! Once the arena for Jefferson (Scoop) Smith and his gang of desperadoes during gold-rush days, the city has not had a tenant in its jail for more than a year. Deputy Marshal Louis Rapuzzi has just revealed.

Two cats have made their home in the jail house — but they can slip through the bars.

To balance the Kansas budget every state employee from governor down accepted a pay reduction. This included school teachers, but they received their salaries when due, and in cash. They thoroughly approve of the London system. In the process to child in Kansas was deprived of school opportunities.

## Army Enlists 'Mechanical Sheep' To Help Pound Dam Into Shape

Fort Peck, Mont. (AP).—A "mechanical sheep" with tiny steel feet is helping pound a huge dam into place here.

Army engineers in charge of Fort Peck dam, largest earth-fill barrier in the world, explain they are applying a lesson learned by sheep-men when they first brought flocks to graze on western frontier lands.

The sheep, it was noticed, packed the range down so tight that the earth hardly could be plowed.

So engineers devised a heavy machine called a "sheepfoot roller" that is proving a big help as a dam builder.

The "mechanical sheep" consists of two steel cylinders weighing 15,000 pounds. On each cylinder are 72 projecting "feet" shaped like the hoof of a sheep.

Pulled by a heavy tractor, the rollers revolve and the steel "feet" pack down thin layers of dampened soil along a 2,500-foot strip that tapers out to meet the natural ground level at the extreme west end of the dike section of the dam.

Sheep must look with envy on this machine helping to pound earth into place at the Fort Peck dam. Each peg on the cylinder is shaped like a sheep's hoof, engineers having taken a lesson from nature in the science of packing an earthen surface.

The dam is being built across the Missouri river in the heart of a country where cattle kings spilled blood in pioneer days to rid the range of the animals whose hoofs serve as models for the mechanical tamper.

### Value of Syrup Shown at Fair

Ithaca, N. Y., Sept. 17.—State Fair visitors who follow the trail of maple syrup odors that come from the Women's Building on the fairgrounds at Syracuse find a "Maple Products Market" where Wyoming county home bureau members show how maple trees can add both to income and pleasure.

In a booth built like a roadside stand and painted in brown and greens and completed with gay awnings and cash register, the women show how they actually make and sell their maple products, and explain

### various ways of capitalizing upon maple trees.

They say there is a bigger demand and better prices for products made from maple syrup than for the syrup itself, and, as Wyoming county is a big producer of maple syrup, its rural homemakers are planning to cooperate in making high standard maple products for market. Already, various Wyoming county women have more demands for their products than they can fill.

The Wyoming county home bureau members in charge of the State Fair exhibit are: Mrs. Charles Lindsay, local leader, and Mrs. Margaret Gerhardt of Varysburg.

Canadians consumed 2,934,916,000 eggs during 1935, or approximately 268 eggs a person.

### Doran Will Filed

New York, Sept. 16.—(Special).—The will of Edward J. Doran, who died June 24 in Kingston, disposes of property declared "more than \$10,000." It was disclosed today when the testament was filed for probate in surrogate's court of Westchester county. The residue goes to Leo C. Doran of Chicago and Veronica Doran Condon of Yonkers in equal shares. They are also left additional cash bequests of \$3,000 each. Requests for public purposes include \$1,000 to St. Joseph's Hospital, Yonkers, and \$1,500 to the Society for the Propagation of the Faith.

Marriages in Canada during 1935 totalled 76,883, an increase of 3,791 over the preceding year.

Radio Censorship? Riverhead, N. Y., Sept. 17 (AP).—Commissioner George Henry Payne, of the federal communications commission, told the Rotary Club here yesterday that some broadcasting stations had attempted to exercise "censorship" of President Roosevelt.

## Ulster Women Have Part in Coalition To Beat Roosevelt

Democratic, Republican and Independent women met Tuesday afternoon in President Roosevelt's own county of Dutchess, and organized various branches of the Independent Coalition of American Women, a non-partisan organization working for the election of Landon and Knox and members of Congress opposed to the New Deal.

The meeting took place at the home of Mrs. Henry Warwick of New Hamburg and was attended by about 150 women, representing Greene, Putnam, Dutchess, Ulster, Rockland and Orange counties. Mrs. Warwick opened the meeting and introduced Mrs. Willis T. Hanson, Jr., of Schenectady, New York, State Chairman of the Independent Coalition. Mrs. Hanson urged the women to get out and work for the election of the Republican presidential candidates as they had never worked before, and particularly stressed the importance of the women's vote in this election, for, she stated, "this is a 'women's election' because for the first time since women have had the vote they have become aroused to the harm being done to the United States by the New Deal, with its 'alphabet soup,' which the Supreme Court found uneatable, by its extravagance, and by its threat of radicalism. If not Communism, and more women will vote this year than have ever voted before."

Mrs. Hanson described her meeting with Governor Landon Monday evening when she was invited, with Mrs. Malcolm S. Davis, Albany county chairman of the Coalition, to board the "Sunflower Special" at Albany and ride to Schenectady with Mr. Landon. She stated that a Coalition Motor Corps was being organized in every county in the state, to function on election day to assist the Republican organizations in getting voters to the polls, and stressed the fact that a "campaign needs very few generals but many privates."

Miss Elizabeth Frazier of New York city, who is nationally known for her articles on finance, industry and politics in leading periodicals, spoke to the women on the danger of Communism to this country. She said:

"It speaks well for the American people that we are so well grounded in freedom that we permit anyone to get up and say anything, but at the same time, the situation seems to be getting a little dangerous. About three years ago I began to notice a new trend in America which seemed to indicate a plan, rather than anything spontaneous or accidental. Communism is reaching out into the life of America and approaches you and me in the guise of social reform, peace movements, etc., through hundreds of various organizations, which on the surface do not seem to have any connection with Moscow, but which do definitely receive their orders through that source. We may dismiss the idea of Communism in this country lightly, but if the Communist plan now being worked out comes about in this country and they gain power, the same thing will happen in America as is happening in Spain right now. We must realize that these people are deadly serious fanatics who are working day and night for the fruition of their hopes and plans. We should inform ourselves and be serious about it, for that is just what they don't want. They intend to accomplish the overthrow of this government through our blindness. I say no. It can't happen here, but maybe it can."

Mrs. Robert Davis, Jr., of New York city, spoke on "Why Work for Landon?" and declared: "If an American wife didn't balance her budget for four years there would soon appear in the newspapers an advertisement inserted by her husband, saying 'I will no longer be responsible for my wife's debts, but the government cannot do the same thing regarding a president. When we hire a housekeeper we expect her to keep within the amount we give her to spend and we wouldn't keep her if she didn't. Government is just housekeeping on a large scale and what we need in the White House is a good government housekeeper. Landon is that man. He has proved by the way he has managed the Kansas finances that he can keep within a budget and still improve the government."

Mrs. Hanson announced that chairmen will be appointed and headquarters set up in Greene, Putnam, Dutchess, Ulster and Rockland counties within a few days.

Among the women attending the meeting from Ulster county were: Ulster county: Mrs. Harry Walker, Kingston; Mrs. Charles Terwilliger, Miss Mary Treadwell, Mrs. Cornelius Treadwell, Mrs. Alra Staples, Mrs. Ruth Brinnier, Mrs. Isabelle Simmons, Mrs. A. DuBois Rose, of Kingston; Dr. Alice Divine, Ellenville; Mrs. John Divine, Mrs. Jennie Young and Mrs. Henry Horton of Ellenville; Dr. Jeannette Arnold, Miss Ella Perkins, Mrs. J. O. Arnold, and Mrs. Warren Hatty of Woodstock.

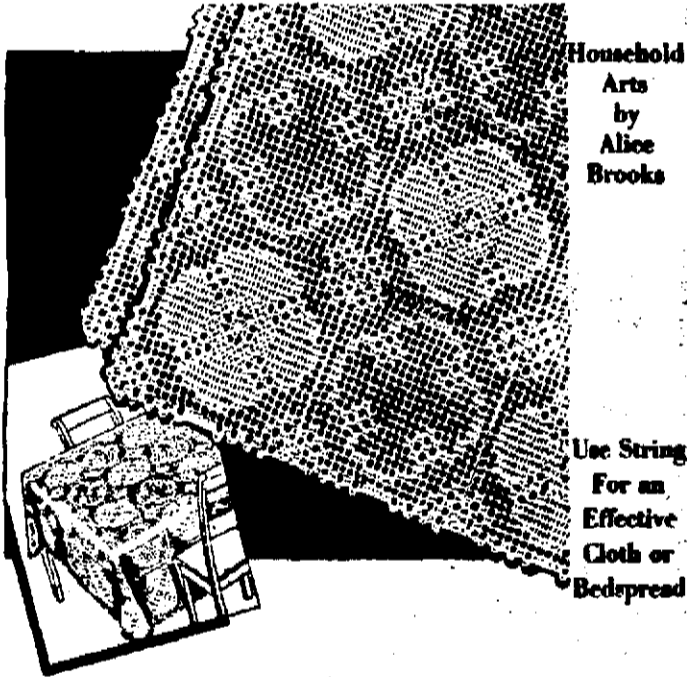

## MODES of the MOMENT

### Persian Lamb Scores In Fall Fashions

Silky black Persian lamb plays a big role in the fall fashion pageant, being used for coats, trappings and hats. Claire Trevor, motion picture actress, wears it in a tall, veil-draped toque, a novelty handbag and a simple cape caught with a shimmering clasp of brilliants. The blistered surface of her black silk afternoon frock, recalls the nubby surface of the lamb.

Use String For an Effective Cloth or Bedspread

PATTERN 5692

The filet crochet cloth and bedspread are becoming more and more popular. This one, with its two harmonizing squares, is effective in string and can be made quickly—its design is so easy to memorize. You'll find it excellent pick-up work. Before you know it, the squares are piled up, and having two slightly different squares, lend variety to the work. In pattern 5692 you will find charts and directions for the squares shown; illustrations of them and of all stitches needed; material requirements.

To obtain this pattern send 10 cents in stamps or coin (coin preferred) to the Kingston Daily Freeman, Household Arts Dept., 259 W. 14th street, New York, N. Y. Be sure to write plainly your NAME, ADDRESS and PATTERN NUMBER.

### Home Institute END BAD LETTER-WRITING

"Just a pile of rubbish!" exclaims Polly, frowning at the heap of crumpled letters. She can't hit the right note in that letter to Dick. She's being stiff, literary. In friendly letters, it's so much better to write as you speak. Don't write "I deplore" for "I am sorry." Don't be afraid to write "I shouldn't" and "I won't" for "I should not" and "I will not." These contractions are correct except in formal letters. Why write "I take a justifiable pride in having ascertained what ailed the radio." Write down your own lively speech: "Now I know how Edison felt when he invented the phonograph! All by myself I found out why our radio howled! The kettles clanked the ground wire off the radiator." Here are some pointers: For a thank-you letter, promptness is of prime importance.

**OH, BOY! REAL MAYONNAISE! MOM KNOWS WHAT WE MEN LIKE!**

**"DADDY AND ME AGREE—NOTHING TASTES AS GOOD AS HELLMANN'S!"**

And that's mighty easy to understand. For no ordinary dressing can ever give you the same wonderful flavor as Hellmann's! Or the same rich creaminess or full-bodied goodness. Hellmann's, you see, is made differently... combining only choice salad oil, freshly-broken eggs, special vinegar and imported spices. No starchy fillers. It's all mayonnaise. And it's double-sipped for extra creamy smoothness. So, why not get a jar of Hellmann's Real Mayonnaise—today? It's so good—yet costs but a trifle per salad.

## WARNS 45 YEAR OLDERS WHO ARE 20 LBS. TOO FAT

EAT THE RIGHT FOOD AND EAT FOOD RIGHT

If you're 45 to 50 and about 20 pounds overweight—watch out! Medical authorities say you've got much less chance of living to a ripe old age as people of your age ought.

If you're heavy, it's because you eat wrong. But make sure you use a SAFE method. Thousands have obtained marvelous results doing this.

Get down on fat meats, butter, cream and dairy products. Eat more fruit and vegetables. Take a half teaspoonful of Kleano-Salt in a glass of hot water four times every morning to help purify the system and break down fat. Kleano-Salt acts on both the liver and bowels—without purging or harsh action—and helps you feel like a new man or woman. It's full of potassium, a ripe old age for both men and women but few know—do.

## Secretary Sisson Takes Over Duties

Robert L. Sisson, new general secretary at the Y. M. C. A., has moved to Kingston and yesterday took over his new duties at the "Y." A great deal of his time on the first day was devoted to talking with various members and other folks of the city who dropped in to get acquainted.

Mr. Sisson moved to Kingston on Monday from Newburgh, where for a number of years he was membership secretary and more recently the acting general secretary of the Newburgh association. He will reside with his family on Emerson street.

**Inquisitiveness**  
Gov. Alf Landon's inquisitiveness has been a marvel to every newspaper man assigned to cover his activities as Republican candidate for president. They find themselves answering more questions than they ask. That he is versed in a wide range of subjects is demonstrated by the straight-to-the-point questions he pumps at them.

## OKLAHOMANS' FARM TAXES DECLINE FIFTY PER CENT.

Stillwater, Okla. (AP)—Taxes on farms in Oklahoma have dropped more than 50 per cent in the past five years, the most outstanding tax shift in the history of the state, it is shown in figures compiled by J. T. Sanders, head of the department of agricultural economics at Oklahoma Agricultural and Mechanical College.

"School taxes were reduced from an average of 20 cents per acre in 1930 to 10 cents in 1935, a decrease of 50 per cent," Sanders said. State tax commission records reveal.

Other reductions included a drop in county taxes from 13 cents to 10 cents, a decline of approximately 30 per cent, state and township taxes, a decline from 11 cents to one and one-half cents, a drop of 89 per cent.

## ACTORS IN "SEARS—THEN AND NOW"

Candid camera shot of three of the actors in the emotional drama, "Sears—Then and Now," in rehearsal. The radio show will have its debut tonight, the Golden Anniversary of the company, at 10 o'clock eastern standard time. The production will bring to life episodic highlights in the 50-year saga of Sears and American history. The actors are, left to right: Sunda Love, Seymour Young, Henry Saxe.

## First Meeting of Boys' Hi-Y Club

The first meeting of the fall was held at the Y. M. C. A. last night by the Boys' Hi-Y Club. Plans were discussed for a District Hi-Y Conference to be held at the Kingston "Y" camp this week-end to which a number of the boys will go as delegates. Those planning to attend are Gilbert Richter, Roger Salzman, Joseph Heaney, Jr., Frank O'Hara and Richard Pfeiffer.

The boys voted to hold their meetings regularly on Wednesday evenings at 7 o'clock, and President Richter appointed Salzman, Myers and Pfeiffer as a temporary program committee until the regular standing committees are appointed.

Following the business session of last night's meeting, three new members, John McCullough, Harold Oshfeld and Joseph Deegan, Jr., were inducted into the club.

## Michael J. Dunn, 44 Years on NYC, Dead

Michael J. Dunn of 73 Garden street, an employee of the New York Central Railroad for 44 years, died this morning at 7 o'clock in the Kingston Hospital after a brief illness.

Born in Saugerties, the son of the late John and Mary Dunn, he came to Kingston at the age of 15 years and went to work for the railroad as a water boy and by diligent application and observation raised himself through the various jobs that led him to assistant supervisor of maintenance, the position he held at the time of his death.

He married Ellen Dempsey of Kingston, who with two children, a daughter, Kathleen, and son, John, survive him, together with one sister, Anna Dunn, of Kingston.

Mr. Dunn was a member of St. Mary's Holy Name Society and of several railroadmen's organizations.

His funeral will be held from the family home, 73 Garden street, Saturday morning and at 10:30 at St. Mary's Church where a high Mass of requiem will be offered for the repose of his soul. Interment will be in the family plot in St. Mary's cemetery.

## Local Death Record

The funeral of Joseph Schiff, who died on Wednesday morning, was held from the parlors of A. Carr & Son on Wednesday afternoon at 4 o'clock. The services, which were largely attended, were conducted by Rabbi I. J. Teicher. Interment was in the Agudas Achaim Cemetery.

**St. Remy, Sept. 17.**—The funeral of Viella Krom was largely attended. The Order of the Eastern Star held its ceremony the night before the funeral that was very impressive. The funeral tributes were many and beautiful, that showed the love and respect of her many friends. She was a kind friend and neighbor who greatly loved her. The family have the sympathy of this community in their sorrow and bereavement.

**Frank Gallo**, a well known resident of East Kingston, died at his home today after a long illness. He is survived by his wife, Concetta; one son, Salvatore, and four stepchildren, John and Mary Tiano of East Kingston, Mrs. Theresa Mitchell of East Kingston, and Mrs. Anna Carro of Kingston. Funeral services will be held from the late home Saturday morning at 9 o'clock and thence to St. Colman's Church, where at 9:30 o'clock a requiem Mass will be offered. Burial will be in the family plot in St. Mary's cemetery, this city.

**Mrs. Bridget Conney Dempsey**, wife of the late Richard Dempsey, died on Wednesday evening after a protracted illness. Mrs. Dempsey was born in the downtown section of Kingston. She is survived by two sons, John J. of Kingston and Harry F. of New York city; one brother, Patrick Conney, and two grandchildren. The funeral will be held from the home of her son, John Dempsey, 491 Delaware avenue on Saturday morning at 9:30 o'clock and thence from St. Mary's Church where a high Mass of requiem will be offered for the repose of her soul. Interment will be in the family plot in St. Mary's cemetery.

**Mrs. Carolyn Buchy Cline**, wife of Willard G. Cline, died at the Kingston Hospital on Wednesday afternoon following a brief illness. Besides her husband she is survived by three daughters, Georgiana L., Ruth G., and Elizabeth B., all at home; two sons, Garwood S., of Kingston, and Carl S., at home; one sister, Mrs. Louise Herb of New York and three grandchildren. She was a member of the Roundout Presbyterian Church. The funeral will be held from the late home, 75 East Strand, on Saturday at 2:30 p. m. Interment will be in Montrose cemetery. The Rev. James N. Armstrong, Jr., will officiate. For the past three years Mrs. Cline was employed at the Fuller Shirt Company.

**John J. McDermott**, a well known resident of Kingston, died Wednesday afternoon after a brief illness. His death was unexpected and came as a shock to his many friends. Practically all his life he was engaged in the transportation business. About 11 years ago he became caretaker of the Ira S. Bushe & Son Estate and held that position until his death. Mr. McDermott was an enthusiastic member of St. Mary's Holy Name Society, which will meet in a body to recite the Rosary for the repose of his soul Friday at 8 p. m. at the undertaking parlors of James V. Halloran, 44 Broadway. The funeral will be held from there Saturday morning at 9 o'clock and at 9:30 at St. Mary's Church where a high Mass of requiem will be offered for the repose of his soul. **Mrs. Arthur Church**, of 256 Washington avenue, died this morning at the Kingston Hospital, following an operation performed Tuesday. The death of Mrs. Church, for over 20 years a resident of this city, will come as a shock to her many friends. Mrs. Church, who had been in fairly good health until recently, returned the end of last week from a visit with her sister, Miss Margaret Evans, at Ulster. Mrs. Church was a woman of quiet, unassuming devotion to her husband, her family, her church and her friends. No service was ever too great and in every act she symbolized the best of Christian womanhood. Mrs. Church, the former Miss Mary Evans, was born at Holland Patent, N. Y., and since living in this city was a member of the Fair Street Reformed Church and the Ladies' Missionary Society of that congregation. Mrs. Church is survived by her husband, two sons, John W., of Palisville, O., an industrial chemist; Donald E., hotel executive, of Whitefield, N. H.; one sister, Miss Margaret Evans, of Ulster, and four grandchildren. Funeral services will be held from the parlors of A. Carr & Son on Saturday at 2 p. m. The Rev. Dr. F. B. Seeley will conduct the ritual.

**Dot Sherwood Begins Sentence**  
Bedford Hills, N. Y., Sept. 17 (AP).—Mrs. Dorothy Sherwood began today serving a sentence of from six to fifteen years in the women's prison here for the drowning of her two-year-old son, Jimmie. Mrs. Sherwood was transferred here by automobile yesterday after she was sentenced by County Judge J. D. Willson at Newburgh. She was accompanied from the Orange county jail at Goshen by Deputy Sheriff William Lewis and Mrs. Henry V. Clark, jail matron.

**Still at Longfordside**  
New York, Sept. 17 (AP).—A "sit down" strike at the yard of the U. S. Island Drydock Co., Inc., builders of U. S. Navy craft, ended today but when workers and company officials were still at loggerheads over workers' demands. When the day shift of about 1,000 men reported at the gates to continue their strike within the yards, they were refused admission. Philip Van Gorder, national secretary of the Industrial Union of Marine and Shipbuilding Workers of America, said, "Company officials declined to consider our demands."

## LARGEST MAMMAL IS RECONSTRUCTED

Super Beast Is as Big as Two Elephants.

**New York.**—The only life-size restoration in the world of the baluchitherium—the largest land mammal known to science and which lived in Asia some 25,000,000 years ago—is nearing completion. It will join the exhibits of the American Museum of Natural History.

Dr. Walter Granger, curator of fossil mammals, and Dr. William K. Gregory, curator of comparative and human anatomy, spent several years sorting and studying 200 baluchitherium bones preliminary to the restoration of this super-beast of the prehistoric past. The baluchitherium is described as an oversized, hornless rhinoceros. It lived in Asia when what is now the Gobi desert was a paradise of woods and water.

So far as is known the baluchitherium was the largest land mammal that ever lived. It was taller than a giraffe, weighed as much as two ordinary elephants and the lowest part of its body, resting on four massive legs, was so high above the ground that a six-foot man could walk beneath it without removing his hat.

Unlike the elephant—which it outdistances in size—and the rhino—which it resembles in appearance—the baluchitherium had neither tusks nor horns. Its teeth were unusual in that it had two great incisors in each jaw. These, it is believed, were used by the animal in tearing leaves and branches from trees and bushes on which it fed, at the rate of several hundred pounds of fodder a day, it is estimated. The name of the beast is derived from the fact that first baluchitherium fossils were found in Baluchistan.

The pile of bones, which enabled Doctor Granger and Doctor Gregory to reconstruct this creature, had its inception in 1922. In that year, Doctor Granger, with the first Asiatic expedition headed by Dr. Roy Chapman Andrews, found the heel bone of a baluchitherium.

Despite careful search, no further baluchitherium clues were found until months later when the expedition was working its way out of the Gobi. Then Doctor Granger discovered a skull that was four and one-half feet long, the second for size in this group. Subsequent expeditions added to the stores of baluchitherium bones.

## Color of Milk Now Graded by an Electric Device

**New Brunswick, N. J.**—The latest development toward the "dairyman's dream" of complete electrification, an electric eye that grades milk according to color, was announced by the research laboratory of the New Jersey agricultural experiment station, Rutgers university.

Laboratory and field tests with the device have been so satisfactory that there is tangible promise of producing long-sought milk color traits in specific herds, according to Dr. J. W. Bartlett, professor of dairy husbandry, an associate in the research project now being conducted at a branch experiment station at Beemerville.

Previous announcement has been withheld, Doctor Bartlett said, although the instrument, technically a colorimeter, was perfected last winter by W. R. Manwaring of Wyckoff, N. J. Its first application was to a herd of 80 Guernseys at the Experiment Station farm.

The principal of the Manwaring colorimeter is to measure the capacity of any given milk to transmit light. With the new stress upon high production of milk and butterfat qualities, the experiments are expected to aid dairymen in milk color selection as heritable traits in herds of registered lineage as a breeding policy.

## First Girl in 77 Years

**Born in Jersey Family**  
Atlantic City.—A girl has been born into the Thompson family, well known in this part of New Jersey, for the first time in seventy-seven years. It was disclosed today. The child, Dale Thompson, was born July 23 in Atlantic Shores hospital, Somers Point, to Mr. and Mrs. Charles D. Thompson of Linwood. Mr. Thompson is the owner of an automobile service station in Ocean City.

The last girl born into the family is now seventy-seven years old. She has a sister, eighty-five years old, and a brother, Joseph Thompson, former mayor of this city. Joseph Thompson, married in 1877, began William P. and John. John began Joseph, who has two sons, and John, Jr., who is unmarried. William P. began William P., Jr., who is single, and Charles D., the father of the latest girl baby.

**Visitors Besiege Tower**  
Berkeley, Calif.—The University of California is having difficulty keeping the top of its 340-foot campanile intact. Authorities have explained that the 15-minute visit rule is not because of a psychological tendency for visitors to jump off, but to keep too much of the trip from being cut off and carried away as souvenirs.

**Unemployment on Farms**  
Why has Washington refused to make an unemployment census? Because the greatest unemployment exists on the farms, and the gentleman farmer in the White House and his Brain Trust were deliberately throwing men out of work by their agricultural policies.

## Fine Vegetables at Ulster County Fair

Albert Kurt of the Ulster County Farm Bureau, will act as superintendent of the vegetable exhibit at the annual Ulster County Fair to be held on September 25 and 26, in the new state armory on Manor avenue.

The vegetable department at the fair will have 39 classes embracing most of the common varieties of vegetables grown in Ulster county, in both sample exhibits and basket or hamper sacks. All entries in the department must have been grown by the exhibitor, and all classes will be judged as to quality and freshness to type.

## Tanker in Distress

**Cape May, N. J., Sept. 17 (AP).**—Coast guards went to the aid last night of an oil tanker drifting helplessly five miles at sea with a broken steering gear. The tanker, "M. A. Powers," owned by the Coast Wise Oil Transfer Company of Boston, was en route from Marcus Hook to Kingston, N. Y., with 100,000 gallons of oil. Temporary repairs were made after coast guards reached her side. Daniel P. Hyman of Boston was skipper and seven men comprised the crew.

## Taste Sense Much Cruder Than Our Sense of Smell

The taste and smell reactions are related and they combine to produce a joint effect, observes a writer in the New York Herald-Tribune. Many substances that we eat produce both reactions at the same time. Our taste sense is much cruder and less sensitive than our sense of smell. Vastly greater amounts of a substance are required to produce the taste reaction.

The relationship between the senses can be tested by using substances which produce both taste and smell. Alcohol is such a substance. If we take the amount of alcohol that can be detected by smell as unity, 24,000 times that amount will be required to produce the taste reaction.

While both taste and smell are chemical senses they respond to different classes of substances. The substances that we taste are water soluble and those that we smell are oil soluble. The sense of taste is divided into four sub-senses. There are four types of taste buds, each producing a different type of reaction, the sour, sweet, saline and bitter. They have separate geographical distributions on the tongue. This is indicated by the fact that certain substances taste sweet on the tip of the tongue and bitter when placed on the back part of the tongue. These sub-senses of taste give a basis for classifying taste sensations in four categories and combinations of them and the degree of intensity of the reaction.

## The Giant Monitor

The earth's giants, like the huge Komodo dragon, seem to be handicapped by their great size in the age-old struggle for survival. The giant monitor is largely carnivorous, feeding on meat and eggs. His numbers seem to have diminished while smaller lizards multiplied. The size of the giant betrays him to his enemies, and the monitor family has a rather foolish defense when attacked. The monitor, zoologists say, is apt to roll over on his back and put the toes of his hind foot in his mouth.

### Frederic Snyder Back from Eventful Trip to the Orient

Frederic Snyder, prominent Kingston lecturer, of 34 Lucas avenue, is returning home from an eventful trip to the Orient, according to a despatch from the World States Press Union, founded by Snyder in 1935.

The despatch from Vancouver, British Columbia, said: "On arrival of Frederic Snyder here today aboard the Japanese ship from Yokohama, the press learned he was one of those who escaped the gauntlet handouts in Shanghai, China, late in August.

"Snyder also escaped the Korean typhoon disaster when 1,000 were killed. He recovered readily from many exposures and now is enroute to Kingston by way of Seattle.

"The Japanese News Press indicated he made sharp impact in Japan where he directed the unofficial enterprises looking to improvement of Japan-American relations. Since the army violence in February, Snyder was one of few Americans received by the premier. He also interviewed the minister of the navy and minister of foreign affairs, and others.

"The celebrated Kingston lecturer also led the round table American-Japan student conference, and made addresses at Tokyo, Shanghai and Mukden Manchoukuo chancelleries.

"Europe expressed astonishment at the accuracy of his broadcasts of events in Spain.

Snyder, after a respite from his arduous trip, will begin a lecture tour. He has addressed local audiences on a number of occasions, and, probably will be in demand for his vivid word pictures of the situations in the Orient and Europe, not alone in Kingston but in many sections of the United States.

The news of Snyder's experiences was kept from Communist wire news

This service was very interesting to all who attended and these young people are to be congratulated upon their part in making it so.

### Old Home Visit At Rosendale To Be Held October 10-12

Recalling the success of the Rosendale Old Home Week-end staged last year when more than 400 former residents of the township returned home to visit their old friends, the Rosendale Township Association Tuesday night voted unanimously to promote a second Old Home Week-end on October 10, 11 and 12.

A skeleton committee was appointed by President Demarest to work out details and to report to the general meeting of the organization this coming Monday night in Firemen's Hall.

A tentative plan outlined at the meeting Tuesday night suggested the sending of an invitation and a program of events to every known former resident of the town, a get-together dance at Firemen's Hall on Saturday, October 10, a go-to-church Sunday, a picnic and barbecue at Williams Lake Sunday afternoon, and visiting day on Monday, October 12.

Coming as it does on Columbus Day week-end, the affair is expected to attract more than 500 people. Such notables as Daniel Dinan, vice president of New York Central, Cornelius J. Curtin, wealthy cement manufacturer, Lansing P. Shield, vice president of Grand Union Tea Company, all former Rosendalers, are expected to return home.

Another matter discussed at the meeting Tuesday night was the proposed re-routing of mail delivery to the local post offices which would deliver morning deliveries as much as three hours. A vigorous protest was registered by the boarding house people present who stated that such a late morning delivery would not only delay and possibly curtail reservations, but it would also inconvenience and dissatisfy guests who are accustomed to an early city delivery of mail.

Winter sports was an eager topic for the closing discussion of the meeting. The boarding house people were gratified at the continued generous cooperation of the Adirondack Short Line Bus Company regarding special excursion snow busses and also for the Greyhound Company's offer to run special snow excursions out of New York city to Rosendale.

The accessibility of the Rosendale slopes to skiers was pointed out as a distinct asset for week-end tours. Whereas most snow trains spend five hours on the rails before getting to skiing sites, the Rosendale hills can be reached in three hours from New York by bus. On a one-day excursion, this difference would allow four hours more of skiing in Rosendale than in most other localities.

### Free Movie Show at Auditorium Tonight Sponsored by BPW

A free movie show of interest to all residents of the city will be staged at the Municipal Auditorium on Broadway this evening at 8 o'clock under the auspices of the board of public works. The program that is arranged for the night is part of the plan for a safety drive to cut down the number of deaths and accidents caused by automobiles. The movies that are to be shown are said to be exceptionally good. It is expected that there will be a large attendance not only of car owners but others interested in the safety movement in the nation.

### Five Cases Before Judge Culloton

Frank Anton, 32, and his wife, Violet, 24, of St. Albans, L. I., were arrested last night at Fischer's Hotel on Abel street, by John Schussler, an employee at the hotel, who charged husband and wife with disorderly conduct in using loud language, and that the wife had been annoying the bartender by going behind the bar and nailing his hair. This morning the Anton and Schussler got together before police court convened and Schussler later in police court withdrew the charge and husband and wife were discharged.

Thomas Ryan of Newark, N. J., and James Kelliner of Malden, Mass., both arrested on charges of public intoxication, were sentenced to five days each in the county jail by Judge Culloton.

John Wickowski of Hanrahy street, arrested for public intoxication on Broadway, was fined \$2.

WOODSTOCK, Sept. 17.—The Woodstock Historical Society met on Friday, September 11, at the home of Mrs. Ila Knauth Dunbar in Hurley village. The program included a tour of the village which was settled by the French and Dutch in 1641, a glimpse into famous haunts of the neighborhood and a bonfire and basket picnic on the grounds of the Dunbar home.

A lecture on Christian Science was given by Richard J. Davis in the Dutch Reformed Church on Sunday. The lecture was well attended, by people from out of town as well as from Woodstock.

A teacher's conference of the first and fourth supervisory districts of Ulster county was held in Firemen's Hall in Woodstock on Friday, September 11. Over 100 teachers attended as well as many Woodstockers who heard the lectures by Harold H. Rugg, professor of education at Teachers College, and James T. Shotwell, professor of history at Columbia University.

The Woodstock library hours have changed to the winter schedule. From now on the library will be open on Wednesdays, Fridays and Saturdays from two to six.

Betty and Bill Brown left on Monday for New York to make their permanent residence in the city.

### Sportsmen of the Town of Rosendale Resume Activities

After a summer of quietness because of the press of other seasonal business the Rosendale Sportsmen's Association on Monday evening resumed activities when the first meeting since late spring was held. There was a good turnout and plans were discussed for the coming fall and winter season.

Election of officers will be held next month and the regular fall program of activities will shortly be under way with regular meetings.

At the meeting Monday a report was read on the distribution of fish and game in the area served by the Association. It was reported that 45 quail which were sent to the town by the State Conservation Department in the scheme to restock Ulster county and make it once again a quail hunting territory, had been received and released in the Tillsen area where a few years ago a survey showed good cover for these birds. A check-up since the quail were released shows that the area is apparently suited to quail for the birds have stayed near the point where they were released and are doing well. Quail if released in an undesirable territory or where food is scarce will migrate to a more suitable location.

It was also reported that 74 pheasants had been received by the Association for stocking, nine of the birds were adults and the other 65 were young birds. A report on fish will be made at a later meeting.

Routine work and the planning for the fall season concluded the Association's business for the evening.

### KERHONKSON

Kerhonkson, Sept. 17.—Mrs. Katie Schoonmaker and Mr. and Mrs. Eli Addis were entertained on Saturday afternoon and evening at the home of Mr. and Mrs. William DeWitt at Ellenville.

The many friends are glad to see George Bilyou back home. Again much improved in health after some time at the Golden Hill Sanitarium.

Mr. and Mrs. Hasbrouck Decker and son are visiting relatives out of town for a week. Mrs. A. J. Anderson is assisting in the bank during his absence.

Mr. and Mrs. Percy Babinet of Poughkeepsie called at the home of Mrs. James Addis and daughter, Mrs. Ben Markle, on Saturday afternoon.

Mr. and Mrs. Claude Terwilliger and son spent Sunday at the home of H. Gerner and Mr. and Mrs. George Bush.

Mr. and Mrs. Eli Addis have rented furnished rooms for the winter to a party from New York.

Mr. and Mrs. Burnett Churchwell spent the week-end here.

A number of people attended the "home coming" on Saturday and Sunday here and everyone was glad to welcome each other back, especially the Rev. Mr. Ross and wife, who were here 40 years ago as pastor of the M. E. Church.

Miss Edna McDonald spent last week with Mr. and Mrs. Ralph McDonald.

Mr. and Mrs. Leiding and son are spending the holidays in the city.

Mr. and Mrs. Katsman and family, who spent the summer months at the home of Mr. and Mrs. Ben Markle, have returned to their homes in New York.

Carl Burgher, who spent the summer months at Lake Minnewaska, has returned home.

Mrs. Fred Tator of Rhinebeck has been visiting her parents, Mr. and Mrs. Howard Hamilton.

Mrs. Floyd Schoonmaker is enjoying a vacation visiting several places.

### KRUMVILLE

Krumville, Sept. 17.—Mr. and Mrs. Ernest Smith of Kingston were week-end guests of her father, John Barranger.

There will be preaching services in the Reformed Church Sunday, Sept. 20. Everybody welcome.

Mr. and Mrs. Ford Weeks Jr. and wife, Mrs. McConk spent the week-end at their home here.

John Ayres of High Falls, Mr. Mills and family of Kingston called at the home of Bertha Seale Sunday afternoon.

Mr. and Mrs. Henry Daniels and daughter, Bernice, Arthur Nelson of Kingston were guests of her parents, Mr. and Mrs. Eph Krum Sunday.

Mr. and Mrs. Clifford DeWitt and family of Kingston spent Sunday afternoon at the home of Mrs. DeWitt.

Mrs. Florence DeWitt.

Sympathy of all is extended to Mrs. Chester Lyons in the death of her father, Charles Davis.

### B.P.W. Wins Fourth Game of Series With Fullers by 1 to 0

With Jim Norton in rare form and limiting the Fuller softballers to three hits last night at the Athletic Field, the Board of Public Works copped the fourth game of the series with the hard hitting factory boys by the score of 1-0. Tommy Rowland was on the mound for Fullers and allowed only four hits.

It was one of the most sensational pitchers' duels staged this season and a large crowd of fans were present to witness the boys fight it out.

The result puts the B. P. W. in front by 2-1 in games played. Each team had won a game and the third, previous to last night's struggle. The fifth game of the series for the championship will be played off tonight at the Athletic Field at 6 o'clock, barring inclement weather.

Storms, the Fuller left fielder, who the start at bat, garnering two of the three hits that Fullers managed to get off Norton. Zoller was the only catcher Fuller player to hit safely. Cassidy, Van Buren, Lewis and Prunical garnered hits for the winners. The longest wallow of the game was Roy Van Buren's triple.

The winning run was scored in the third inning when Lewis and Prunical hit singles and Norton hit a long fly to field. Lewis came in after the catch.

### Bass Fishing in the Ashokan at Peak

Without a doubt the bass fishing in the Ashokan Reservoir at the present time is the best to be had anywhere in the state with the possible exception of that at Cape Vincent, according to the officials of the Ulster County Fish and Game Protective Association, who issue the following statement:

With a thought to the future and the practice of conservation on the part of those fishing in these waters it should stay this way. Unless some thought is given to this matter now, the fishing as it now is, will become history as has the pickerel fishing that was at one time enjoyed in these same waters. Many of the fishermen who are now enjoying the best fishing that they have had in Ulster county in many years can recall when the supply of pickerel seemed inexhaustible and carrying them away in great numbers today it is only an occasional one that is taken.

This could happen with the bass fishing as it has with the pickerel fishing. From observation it is easy to believe that at least 2,000 bass are being taken each week from the lower basin alone and a careful survey would probably show that the number is far greater.

The solution for keeping the fishing as it is present is for the fishermen to keep a lesser number of fish, returning to the water those that they can use. The true sportsman takes only the fish he can use and returns those that he cannot use to the water to be taken either by himself or some other person at another time.

We frequently read of the fine fishing to be had in Canada and a few are fortunate enough at some time to enjoy the fishing to be had there. A study of the fish and game laws of that country will reveal why our fishing is to be had there. In a country much more thickly populated than is the state of New York the daily limit to a person for bass is six—here it is 15 to a person of 16 to a boat. This is undoubtedly one of the reasons for the difference in the fishing enjoyed there or here.

Conservation of this land and what you can use and return the others; let the other fellow catch his own fish instead of carrying him to him part of your catch. The only way to enjoy them more is the removal of hooks from the fish and the realization that the fish are to continue to enjoy life and we must reduce our limit and what they are at the present time will do much to prolong and to secure the excellent fishing that we now enjoy.

Control of fires in later years, however, due to careless campers, motorists who throw lighted cigarettes or cigars out of their cars, brush or refuse burning, as well as railroad locomotives, has well created and efficient fire protection which now warns the officials, especially in the autumn season when the weather is cloudy and outdoor exercise, at the present time of the fire protection of the biker on the train track, remote from highway or other over which the fire fire is not so speedily extinguished, with a fire discovered by tower or otherwise reported, by park police or rangers, or by visitors.

## Three Men Injured When Cauliflower Truck Hits Auto

Three men were injured and taken to St. Luke's Hospital, Newburgh, and people of the neighborhood in which the accident occurred had cauliflower "to burn" following a collision between a truck loaded with cauliflower and a Chevrolet coach on 9-W about a mile south of Marlborough. The accident happened at 10 o'clock Wednesday evening, when the truck, owned and driven by Harold K. Hamilton of Harpersfield was struck by a Chevrolet coach operated by Harvey Tonks of 504 North Grove street, East Orange, N. J. The truck, traveling south, was passing another car when it was struck by the coach coming from the opposite direction. The coach was badly smashed up, while the rack side of the truck was ripped off and the cases of cauliflower scattered about the road.

Cecil Hoff of Stamford, N. Y., who was riding with Hamilton, sustained a broken arm. Tonks suffered from cuts on the face, head and hands and DeWitt Smodes of Glen Rock, N. J., who was riding with him, had a broken collar bone and injuries to his face and wrist.

Of the 240 cases of cauliflower with which the truck was loaded, but 87 remained intact, the rest being broken open and the cauliflower scattered. Sergeant Lockhart and Trooper Baker made an investigation of the accident, but there were no arrests.

## Considers Two Plans

Trenton, N. J., Sept. 17 (AP).—Swarmy Ramon Cota, American and former soldier, who led police to the grave of his wife in the cellar of their suburban home, paid nervously a jail cell today while his attorney considered a plea either of self-defense or insanity to a charge of murder. The attorney, Assistant Mercer County Solicitor John J. Roscetti, said Cota was "highly nervous" after he was committed to jail last night to await action of the grand jury. "From the story he told me, it looks like self-defense," said the lawyer, "but I am also investigating the man's mental condition."

Mrs. D. A. Donahit, 72, Olney, Tex., is cutting her third ear of teeth.

## Parent-Teacher Associations

## P.-T. A. School No. 4.

The first meeting of the year of the Parent-Teachers Association of School No. 4 was held Tuesday, September 15.

The fall convention of the New York State Congress of Parents and Teachers to be held at the Governor Clinton Hotel, October 6 and 7, was fully discussed. It was voted to send as delegates, Mrs. J. Netherwood, Jr., Mrs. W. R. Anderson, and Mrs. W. Roe.

The information desk at the convention will be in charge of Mrs. M. Pendill, Mrs. T. J. Donovan, Mrs. O. Goodsell, and Mrs. F. McCausland.

Chairmen have been appointed as follows: Mrs. B. Richter, membership committee; Mrs. O. Goodsell on hospitality; Miss I. Mulhern, assisted by Miss W. Sullivan and Mrs. George Matthews will have charge of the program, and Mrs. W. Roe, publicity.

Music books are to be bought by the association for the upper grade pupils, to be used in assembly.

## P.-T. A. School No. 2

The regular monthly meeting of the Parent-Teacher Organization of School No. 2 was held Tuesday afternoon, September 15. Mr. Russell, principal of School No. 2, gave a very interesting talk on Indian relics, many of which he has collected. Some of the pieces which Mr. Russell showed to the appreciative audience are coveted by museum officials. As Kingston and its environs were at one time Indian territory many of Mr. Russell's fine collection were found in this vicinity which fact added greatly to the interest given to the talk.

Afterwards a business meeting was held during which October 19 was set aside for the P.-T. A. card party. The public is invited to this affair and an evening of enjoyment is promised those who attend.

## Must Keep Out of War

Washington, Sept. 17 (AP).—Asserting "we must keep out of war," Secretary Roper today told the nation's business that it should not seek foreign trade in any manner "that might involve us in war." In a statement before the business advisory council, the commerce department chief said that "we wish to pursue trade generally, but in such a manner that we will not seek war period orders." This practice, he continued, might involve the country in conflict "and embarrass business in getting ultimately larger trade possibilities under peace conditions." "In other words, let up not sacrifice long-time safe and sound business contracts and trade opportunities for temporary orders created by war conditions."

## Would-be Assassin Dead

Madrid, Sept. 17 (AP).—Fernando Di Rosa, who tried to kill Crown Prince Umberto of Italy at Brussels in 1929, was shot and killed today while fighting with government forces in the mountains 40 miles from Madrid. The Italian anti-Fascist, who was sentenced to seven years' imprisonment in Belgium but was pardoned by the late King Albert in 1932, came to Spain and took a prominent part in the Asturias miners revolt of 1934. He was 28 years old and held the rank of major in the Spanish Socialist militia.

## Will Be N. Y. Proud

New York, Sept. 17 (AP).—New York's 1936 World Fair is going to "do the city proud." Grover Whalen told the advertising clubs of New York in an address prepared for delivery today. Whalen, president of the enterprise, added, "It will give notice to the world that New York still is 'top'." Recounting the progress achieved so far in planning for the fair, to open April 30, 1939, Whalen said the theme and general outline were virtually complete and engineering operations were well under way.

## Certificate of Incorporation

## PORT EWEN

Port Ewen, Sept. 17.—Mrs. Maurice Everts of the Bronx spent Sunday with Mr. and Mrs. Charles Vincent.

A food sale under the auspices of the Parent-Teacher Association will be held in Spinnerweber's restaurant at 2 o'clock Saturday afternoon, September 26.

## ACCORD

Accord, Sept. 17.—Miss Millie Cohen, Ulster county's champion speller, has returned from the Syracuse Fair, where she took part in the state spelling contest. Among 52 contestants, Miss Cohen held her own until 44 contestants had dropped out. She held her place through five oral tests and did not lose until she reached her third written test, a feat for which Miss Cohen is to be congratulated. This young lady reported a wonderful time at the fair and especially remembers the hospitality of the fair officials to all the spelling contestants. They were given admission to every nook and corner, given a banquet and taken to a rodeo, as well as to many other attractions.

Mr. and Mrs. John Miller have been spending this week at one of Brigham's camps at Lake Katrine.

## FIRST PRESBYTERIANS PLAY TRINITY LUTHERANS TONIGHT

The First Presbyterian softballers with Harold Chikens Smith doing the pitching, will engage the Trinity Lutheran team tonight in a church league game at the new Armory No. 2 field. Both teams are on equal terms if the present standing can be depended upon, and thus a good fight should result. Starting time of the game will be 6:20.

## May Be Re-elected

Portland, Me., Sept. 17 (AP).—Governor Louis A. Brawn (D.), confirmed today, on his return to Maine from New York, that the Democratic senatorial campaign committee probably would demand a recount of the senatorial vote cast in last Monday's state election. Unofficial returns gave the election to U. S. Senator Wallace H. White, Jr., (R.), by 3,831 votes.

## Boy, Flown Here by Plane, Critical

Donald, the six-year-old son of Mr. and Mrs. Harold Brady of New Jersey, who was flown to Kingston from Kansas City by airplane for treatment for facial paralysis, is still in a critical condition at the Benedictine Hospital, where he was admitted last week for treatment. The boy had spent the summer with his mother in Kansas City and on July 5, had undergone an operation for the removal of his tonsils. Facial paralysis developed, and for two months he was treated without success in

the Kansas City hospitals. The boy's grandfather, who lives in Kiskatom, interfered Dr. D. W. Gifford had treated similar cases while in charge of the Jersey City Sunshin Camp for Crippled Children in Asbury, town of Saugerties. Arrangements were then made to bring the boy to Kingston. The boy was accompanied on the air trip by his father.

**Foreign Pork**

# Children's Pageant And Baby Show at Flower Festival

Wednesday afternoon another crowd gathered at the Municipal Auditorium to see, not only the flower show but the baby show, quite a novelty in Kingston and which the people knew would be most attractive.

Mention might be made right here that Mrs. Niles brought to the flower show on Wednesday morning a remarkably fine exhibit of dahlias. Another interesting addition to the flower exhibit was a large potted datura or "Angel Trumpet" plant in full bloom which came from the Conservatory of St. Anne, Kingston.

Like the flower show, the baby show can be but partially put into print, for it was so vivid and so attractive. The afternoon's program opened with a group of very appropriate songs, sung admirably by Miss Katherine Anderson, Miss Luther sang "Lullaby" by Cyril Scott, "Kentucky Babe" by Adam Gable and an arrangement of the chorus from "Hush-a-bye Baby."

Then up through the center aisle, under the bridal arch came the children's pageant. First there were the littlest babies, brought in the arms of mothers or the nurses and lovely babies they were. Then there were decorated strollers, express wagons—for the boys had their equal share in the parade—go-carts and kiddie cars. "The Dionne Babies on Parade," which calls for a special comment, the baby-dollies looking quite like the pictures of the children—each in a small hand made oak cradle, all on a float, were the exceedingly clever work of Nelson R. Smith. There were Caprice Cutters, Drummer Girls, Soliders, Dutch Treats, Sparkling Nymphs, Iris Blossoms, The Wild Rose, Lolly Pops, High Steppers, Rose Buds, Scotties and Rainbows from the Cashion Studio of Dancing and a Garland of Roses, Tiny Flowers, Little Maid of Holland, Japanese Doll, Miss America, An Irish Lad, Russian Peasants, The Little Admiral, Little Lady Winter and Jack Frost, and a Russian Prince from the Weyhe-Ricobono Studio of Dancing. The costumes were exceedingly clever, pretty and unique. Two baby carriages wheeled by little girls called forth exclamations of delight for one held two tiny, live and fuzzy little puppies who seemed to enjoy the entire proceeding hugely and the other an equally happy little white poodle.

A song was sung by Gladys W. Avery, accompanied by Miss Priscilla Nolan, and was heartily applauded. Then came the excitement of judging the children for the awarding of the prizes, a most difficult task that resulted as follows:

**Awards at Baby Show**  
Class 1—For most physically perfect baby up to 18 months old, Mayor Conrad J. Heiselman of Kingston awarded a loving cup to Dolores Gilbert, 10 months' old daughter of Mr. and Mrs. Joseph Gilbert of Broadway.

Class 2—To the prettiest child, Kingston, from two and three and a half years, London Juvenile Shop awarded a complete fall outfit to Joan Collins, three-year-old daughter of Mr. and Mrs. W. L. Collins, Roosevelt avenue.

Class 3—To prettiest baby in show open to all babies from 18 months to five and one half years a silver cup was awarded to Betty Ruth Williams, three and a half, daughter of Mr. and Mrs. William C. Williams, Woodstock.

Class 4—To the most attractively costumed child from three to five and a half years, the Weyhe-Ricobono School of Dancing, through Mrs. Weyhe, awarded a course in dancing to Betty Ann Bruno.

Class 5—To the child winning class number 4 Mr. and Mrs. Clyde Wood awarded a pair of tap dancing shoes, Ann Bruno.

Class 6—For most attractively decorated baby coach with baby, Babcock Farms awarded one quart of milk a day for one month to Joan Ann Van Hosen, 4, daughter of Mr. and Mrs. Elmer Van Hosen, Downs street.

Class 7—For most attractively decorated doll coach wheeled by child, Mrs. Fred P. Luther awarded a silver spoon to Joan Collins, 4, daughter of Mr. and Mrs. George Boss of Downs street.

Class 8—For the most ridiculous, funny or unusually decorated baby coach with baby, the Dairylea awarded a quart of milk each day for a month to Mary Ellen King, 16 months, daughter of Mr. and Mrs. C. B. King of King Nurseries.

Class 9—For the most unusual, funny or ridiculously costumed child, Kingsford Farms gave one quart of milk a day for a month to Ronald Haines, 2, son of Mr. and Mrs. Kenneth Haines, 38 Staples street.

Class 10—For cleverest child doing stunts, singing, dancing, all kinds of capers, Safford & Scudder awarded a silver cup to Jean Boss, 4, daughter of Mr. and Mrs. George Boss of Downs street.

Class 11—The Weyhe-Ricobono dancing studio awarded a course in dancing to the best performer, dancing, singing, and all sorts of capers considered, to Gladys W. Avery, 9, of Washington avenue.

Class 12—Mr. and Mrs. Clyde K. Wood awarded to the child winning Class 10 and 11 a pair of tap shoes, Jean Boss and Gladys W. Avery.

Class 14—Long distance prize to child from the farthest distance attending the show, a silver spoon and fork by Mrs. Fred P. Luther to Irene Agnes Crompt, 22 months old, of Syracuse.

Class 15—To winner of Class 9 Mrs. Fred P. Luther awarded a silver spoon to Carl Edwin Heinrich, St. James street.

Class 16—Prize for the only red-headed child in the parade was awarded to Robert Warren Powell.

Mrs. Clyde K. Wood, chairman of the baby show, wishes to express appreciation to all who assisted, also to the Weber Pharmacy for the use of its baby scale.

By special request, the flower festival was opened again in the evening and many flower lovers who had not before been able to attend this most remarkable, beautiful and exceedingly well directed flower festival, which was planned and executed by Mrs. Fred P. Luther in cooperation with the following committees and workers were in attendance:

Honorary chairman, Mayor Conrad J. Heiselman; chairman of general arrangements, Mrs. Fred P. Luther; chairman of baby parade, pageant, Mrs. Clyde Wood; chairman of food and fruit show, Mrs. Conrad Heiselman; chairman of floor staging, Mrs. Harry Walker; chairman of city exhibits, Mrs. A. Noble Graham; co-chairmen of executive work, Mrs. Harry Klotz, Mrs. R. R. Gross; co-chairmen of equipment, City Engineer James Norton, Supt. Pub. Works David P. Conway; chairman of music and awards, Paul Zucca; chairman of book program, Mrs. Fred P. Luther; floor plan by Mrs. Fred P. Luther.

# County Firemen at Walkill Prison

The September meeting of the Ulster County Volunteer Firemen's Association was held Tuesday evening at the Walkill Medium Security Prison, where the firemen were the guests of the prison fire department. One of the features of the meeting was a demonstration of first aid put on by a crew of men from the Central Hudson Gas & Electric Corporation, and an address by Ex-Battalion Chief James J. Deasey of the New York city fire department. Chief Deasey since his retirement makes his home at Greenville. The October meeting of the association will be held in Highland.

This noon a man driving over the old Rondout Creek road into the city saw smoke and fire coming out of the old ice house on the dock at the foot of Canal street, and the fire department was called on the telephone. A line of hose was soon stretched and the fire brought under control before any great damage was done. The origin of the fire is not known but is thought to be due to spontaneous combustion. The ice house was formerly used to store ice in to be used on the Cornell Line tugs, but has been empty for some years.

By special request, the flower festival was opened again in the evening and many flower lovers who had not before been able to attend this most remarkable, beautiful and exceedingly well directed flower festival, which was planned and executed by Mrs. Fred P. Luther in cooperation with the following committees and workers were in attendance:

BRITAIN RUSHING  
WORK ON WARSHIPSNaval and Private Yards Are  
Humming With Life.

London.—That British shipyards and allied industries have double the business they did a year ago is a statement made in the Daily Telegraph of London based on the latest quarterly bulletin of Lloyd's register; that every admiralty yard and all auxiliary engineering and steel works are re- turning to full time with the prospect of additional output and added construction in non-admiralty yards, is the conclusion drawn by Hector C. Bywater, the paper's naval correspondent, who lays special emphasis on the creation of the new set of director-general of munitions.

The \$50,000,000 scheduled to be spent by the Cunard-White Star line in the construction of eight new ships of from 14,000 to 30,000 tons enabled contracts to be placed at Clydebank, Northeast coast, Barrow, Merseyside, South England, and North Ireland. Orders for more than 300 guns and 30,000 tons of armor plate have been placed in Sheffield.

## Merchant Shipping Increase.

The Register points out that the merchant shipping now being built is the highest quarterly total recorded since December, 1930. About 64,000 tons, being 7.8 per cent, are intended for registration abroad or for sale. Twelve of these vessels, of 43,350 tons, are for the last three months, an increase of 1,799 tons on the corresponding quarter for the March quarter. During the last three months there were launched 167,958 tons, a decrease of 26,317 tons, so that the work exceeds the shipping launched by 114,364 tons.

In comment Mr. Bywater writes: "Six months from now every shipyard in the country which is qualified to undertake naval work will have warships on the stocks, ranging from 33,000-ton battleships to submarines and sloops."

"At the same time, every important engineering establishment and many smaller concerns will be hard at work making propelling engines, boilers, and auxiliary machinery for dozens of new fighting ships."

"Gun and armor plate factories, hitherto barely subsisting on small orders — if not closed down altogether — are assured of a big volume of work. Plant which has been idle for years will be restarted. Sheffield's contribution will be the new ships, including the following items:

"Twenty-four 14-inch guns (including reserves).  
"One hundred and ten 6-inch guns.  
"Over two hundred 4.7-inch and 5.5-inch guns.

"Thirty thousand tons of the finest quality armor plate.  
"Range-finders, fire control apparatus and periscopes make orders running into millions. A large share will go to the optical glass industry."

**Six-Year Program.**  
"For the first time since the war, naval contractors can look forward to a steady volume of work for several years. To implement the government's policy of rebuilding its fleet it will be necessary to introduce a large program of construction every year until 1942."

"Engineer Vice Admiral Sir Harold Brown, who is to be director general of munitions, will become chairman of the contracts coordinating committee. This comprises representatives of the navy, army and air force and controls the supply of munitions for all three services."

"Owing to the government's rearmament program the demand for munitions of every type is increasing enormously, and it has become necessary to appoint a controlling authority with plenary powers."

**Grasshopper Drumsticks**  
**Hard Diet for Chickens**  
Owaco, Okla.—If your chickens don't eat grasshoppers, better look off the insects' "drumsticks."

Some poultrymen have been encouraging their flocks to fatten on grasshoppers, so plentiful this year. Gaynes Marshall, county reclamation supervisor, counseled the legs of the insects be removed.

"These legs are hard and wiry," he said, "and they are hard for chickens to eat."

Also, he said, if chickens or turkeys should eat too many grasshoppers, "their craws would be balled to loosen the tightness."

**There Are Some Fish**  
**Even Fish Can't Stand**  
Anacostia, Mont.—Apparently the primary trout simply can't stand the sight of the silvers or light-colored trout.

When four of the latter were placed in a hatchery tank of the Montana state fishery, the ordinary trout began committing suicide by jumping against the top of the tank until 17 out of 35 were dead. The four silvers looked on indifferently.

**Woman Transferred.**  
New York, Sept. 17 (AP)—Mrs. Abby Sherwood awaited transfer from the Orange county jail to the prison at Bedford Hills.

She was sentenced to serve a term of six to fifteen years for the murder of her two-year-old son.

Fundamental Law  
Of Nation Readied  
For Visitors Today

Washington, Sept. 17 (AP)—The bronze-and-marble shrine which enshrines the nation's fundamental law was polished up today by congressional library attendants for the benefit of a large crowd of Constitution Day visitors.

Although no special ceremony was scheduled, librarians figured that by nightfall more than 5,000 people would have paid their respects to the time-stained document signed 149 years ago today.

If their eyes are keen, visitors can still trace nearly every letter on the four leaves of wrinkled parchment, shielded from sunlight by a double sheet of glass and a film of yellow acetate.

The famous phrases were set down in the round, clear hand of Gouverneur Morris, Pennsylvania delegate entrusted with the final drafting of the constitution.

Signatures of the 39 colonial statesmen who signed the document are all plainly visible. Sixteen other members of the 1787 constitutional convention—four months of acrimonious debate and reluctant compromise—refused to sign. The two New York delegates walked out of the Philadelphia hall in wrath after a bitter wrangle over the proposed powers of the senate.

## In Real Shrine.

Since the constitution was removed from the state department in 1924 it has been housed in a real shrine. Guards stand watch by the little alcove 24 hours a day. They have recited a thumb-nail history of the document to about 1,000,000 visitors annually for the last 12 years.

Little of the present-day reverence for the constitution attached to that instrument when it was first presented to the infant republic. Offered frankly as a compromise measure, it was hotly criticized by many factions.

North Carolina signed only after the bill of rights was guaranteed in the form of amendments. Rhode Island, most adamant opponent of the union, held out to the very last, finally giving its consent in 1790 by a popular majority of two votes.

The September committee for raising funds will hold a dance in the Grange Hall on Friday evening, September 18. Music will be furnished by Grace Davis Orchestra. Refreshments will be served. A large crowd is anticipated.

## DRY BROOK

Dry Brook, Sept. 17—There was no school in either district on Friday as the teachers were attending teachers' conference.

Miss Helen Banker, who has been spending some time in Binghamton with relatives, has returned to her home here.

The Rev. Mr. Reisch, a former pastor of this charge, occupied the pulpit on Sunday evening.

Mr. and Mrs. Albert Rosa, Mr. and Mrs. Marvin Bussy, also Henry Rosa and nephew, Lester Rosa, motored to Silver Lake near Hawkeye and spent a few days enjoying the fishing in that vicinity.

The Corbett family are spending some time at their summer home in this place.

Claude Fairbairn, who has been in Massachusetts for the past few months, was calling on friends in this place early in the week.

Mr. and Mrs. Guss Stewart and her mother, Mrs. Mary Miller, also Miss Mary Butler called on Mr. and Mrs. LaMoure Stewart at Roxbury on Sunday.

Mrs. Elizabeth Fairbairn was a Kingston shopper on Monday.

peaks and drive the Socialists from the mountain tops.

An insurgent air squadron bombed the Trubla gun factory in Oriedo province, it was reported, while Socialist fighting planes on the Aragonese front routed six Fascist ships, forcing one to land. The grounded plane was reported to be of foreign manufacture and piloted by a foreign flier.

## Recruiting Daresdevil Pilots

The government, meanwhile, began recruiting foreign "daredevil" pilots to launch a desperate aerial attack against Fascist insurgents with a "huge fleet of new bombing and fighting planes."

Delivery of the new air armada from improvised factories at Barcelona is expected soon, officials said, to strengthen the sky forces of the defending Socialists.

The ships will be placed in the hands of foreign pilots and machine gunners, now being organized by the Madrid air command, military authorities declared.

(Weakness of its air squadrons has been acknowledged by the new socialist-Communist government. Many fliers supporting the Madrid administration have been shot down by the superior air forces of the Fascist insurgents.)

Government lines in the civil war sector, meanwhile, are concentrating on repelling enemy advances, the war ministry said, awaiting the moment when the reinforced flying formations take a decisive offensive against the Fascists.

A warning that "the peace of Europe is at stake in the Spanish war" was sounded by Foreign Secretary Alvarez Del Vayo shortly before he was to leave to attend the council session of the League of Nations at Geneva.

"This is not purely a Spanish war," Del Vayo declared, "but a European war—because the cause of the legitimately-constituted Spanish government is the cause of peace."

Julio Just, a Left-Republican, was named by Premier Francisco Largo Caballero to be minister of public works and Manuel Fructo, a Basque Nationalist, became minister without portfolio.

## LEIBHARDT.

Leibhardt, Sept. 17—Ernest B. Munkle, collector for District School No. 7, will receive taxes at his home at one per cent for 30 days, beginning September 15.

Mrs. Lillian Brown of Samsonville was a caller recently on Mrs. Phoebe Krom and sister.

Mrs. E. Allen and daughter working at Minnewaska for this week.

Hudson Area Hi-Y  
Conference Friday

The annual Hi-Y Conference for officers and leaders of the Central Hudson Area is scheduled to be held at Camp Preumaker, Kingston, Y. M. C. A. Camp at Glenview Lake, on Friday, Saturday and Sunday. The program will include discussions dealing with all Hi-Y phases, W. H. Burger, State Boys' Work Secretary, and Robert Smith, Hi-Y Secretary from Syracuse will lead. W. H. Baumgarten, county secretary, will have charge of the fire of friendship and will light the fire with the stick used in the fire of friendship at the first National Hi-Y Congress. Charles R. Scott of New Jersey, director of the Larry Foster Foundation will also be a conference speaker.

## WHAT IT TAKES . . . . .

"Before a newspaper can be of any value as an advertising medium it must have interested subscribers, a reasonable number of them in proportion to the number of homes in the community. To secure the subscribers the paper must have a content that appeals and satisfies. It must be a newspaper that is made for the subscriber at all times."—Wright A. Patterson.

## What The Freeman Offers . . . . .

City circulation of 6,568 \*in proportion to the census figures of 28,088 people. Based on commonly accepted standards of four readers to each copy, 26,272 people in Kingston alone read The Freeman every evening—far more than read any other local or outside newspaper.

As for reader interest, The Freeman offers more features and a wider variety of news concerning Kingston and Ulster County than any other local or county publication.

### NATIONAL GUARD TO TAKE HAND IN STRIKE

Salinas, Calif., Sept. 17 (AP)—A suggestion by California's governor that the national guard be ready for action and a union move toward a general labor strike here followed swiftly today a fresh encounter of officers with strikers in this strife-torn lettuce area.

Arrival of fresh tear gas bomb supplies by airplane from San Francisco for Salinas police and the assignment of 50 additional state highway patrolmen, bringing the total to 130, were other developments.

More than a dozen persons have been injured in clashes resulting from attempts to halt movement of lettuce into packing sheds.

### Bridget Novelty Shop Displays Interesting Articles

Mrs. E. M. van Gelder, Missionary, late of British East Central and South Africa, has opened up a novelty shop at 9 O'Neill street (Grandpa McBride's candy and ice cream store). It is just off Broadway.

I found on visiting the shop a very fine collection of African curiosities and handicraft work, which represents Africa, China and the American Indian, also London and Holland. In fact, a very wonderful display of all sorts of articles to delight one's fancy—corncob dolls of all sizes—very useful for bridge place cards and other social festivities—Many pretty and useful articles in the way of American Indian handmade mats for table use etc.

Beautiful teapots for the afternoon tea lovers and other articles too numerous to mention.—A visit to the little shop will verify the above and you will find in Mrs. van Gelder a delightful entertainer while there.

### Caught

By MARY GRAHAM BONNER

THE Galumps had not got along very far from Willy Nilly's when Christopher Columbus Crow had discovered them. And soon Willy Nilly came running down from the cave followed by the lumbering bears. Swam Face, the lamb, came hurrying over from his meadow at the sound of Christopher's excited crow voice. Rip, the dog, jumped out of one of the lower windows, and the ducks were all on their way to join the others. Top Notch, the rooster, was cackling with curiosity. Now what had Christopher Columbus Crow discovered?

"Look what Grandma Grouchy Galump has!" cawed Christopher.

"Oh, I don't know what got into me," cawed Grandma.

"You're thief. That's what you are! And I discovered it! You've stolen Willy Nilly's favorite jar!" cried Christopher. They could not understand just what he was saying, but they trembled at the anger in his crow voice.

"Shall I peck at them, Willy Nilly? And they have the nerve to call me a thief! I never went into people's houses when they were away! I've taken a bite of corn once in awhile as my payment for eating grubs."

Grandma was sobbing. She kept crying over and over again:

"The whole neighborhood will know of this. Everyone all over the countryside will hear of it!"

"You want to be wicked but you want to be thought an angel," cawed Christopher angrily.

"I'll give it back to you at once!" sobbed Grandma.

"You'd better!" cawed Christopher. But Willy Nilly had a thought. It was one that pleased him.

### CHICHESTER

Chichester, Sept. 17—The many friends of Miss Ruth Morris are glad to hear that she is better and has returned to her home after being ill at the Kingston Hospital.

William Roberts has returned to his home in Poughkeepsie after visiting his sister, Mrs. A. DuBois.

A son was born to Mr. and Mrs. Claude Ashley during the past week. Congratulations of friends are extended to Mr. and Mrs. Maurice Lane, who were recently married. Mrs. Lane was Miss Nellie Ostrander of this place. Mr. Lane is from Wittenberg.

Mr. and Mrs. Arthur Lane and daughter, Mr. and Mrs. L. Parsons and Mrs. Reat Lane, of Endicott, called on friends in this place on Saturday.

Mrs. Maddon and children, of New Jersey, have returned home after spending the summer in this place.

What might have been a very serious accident occurred on the Silver Hollow road Sunday night, when Clarence Coons, of Brooklyn, was driving to his father's home in Silver Hollow. Driving around one of the many turns his car went over the bank, overturning and pinning him underneath. Mr. Coons was alone in the car at the time. The crash was heard by nearby residents who rushed to his aid. Dr. Quinn, of Phoenixia, was called after which Mr. Coons was taken to the home of Mrs. DuBois who lived nearby. His head and neck were injured quite badly and he also suffered from the shock. His father, in Brooklyn, was notified of the accident and upon his arrival Mr. Coons was removed to their summer home.

Andrew Kiraly and friend, of Kingston, called on his cousins, Mrs. Rion and Mrs. Frederic, on Sunday.

Miss Elizabeth Wright has been visiting her cousin at Tannersville.

John Duhrer has moved his family to Kingston where he has employment.

O. Grant is quite ill at his home and under the care of Dr. Quinn of Phoenixia.

Congratulations to Mr. and Mrs. Archie Craig upon the arrival of a baby boy at their home.

Several from this place attended the revival meetings at Willow last week.

Miss Janet Shults visited her cousins, Elora and Helen Jones, at Lexington, on Saturday.

Oscar Shults, of New York, has been spending a few days in this place.

Mrs. Volner Smith and daughter, of New York, have been visiting at the home of her sister-in-law, Mrs. Ralph Bush.

Mr. and Mrs. Walsh have been visiting relatives in New Jersey.

Ruth Woodrater has gone to New Jersey, where she will spend the winter.

There was no school on Friday as the teachers, Mrs. Morrissey and Mr. Bennett, attended teachers' conference.

Mike Ethel Rowe is visiting friends in Long Island.

HAD LEARNER'S PERMIT ONLY, FINED \$5 AFTER ACCIDENT

There was another automobile accident at the intersection of Main and Warren streets, Ellenville, Wednesday noon, when cars driven by Abram Schneider of Blacksburg, near Ellenville, and Isadore Faber of Brooklyn, collided. Schneider's mother-in-law was injured when his car struck a tree. She was taken to the Veterans' Memorial Hospital. The Faber car ran up on a nearby lawn, damage being three flat tires. Faber, who was driving north on Main street, blamed Schneider for the accident. The latter was arrested by Chief of Police Richard Porter, who took him before Justice Charles J. Kider Jr. He was fined \$5 when it was learned that he had been operating the car with a learner's permit.

### SHOKAN

Shokan, Sept. 17—Mr. and Mrs. Frank Voinick and Stanley Voinick of Poughkeepsie spent Sunday at the home of Mr. and Mrs. Charles Gilles.

The truck of John Breithaupt, Stone Ridge ice dealer, who retails ice in this section, broke down on the corner in the village center Monday morning. A repair truck from Winne's garage at Cold Brook was called to the scene of the mishap.

Mr. and Mrs. James Bush and Mr. and Mrs. Justus North spent Sunday at Congers with Mr. and Mrs. John North and family. Mr. and Mrs. Robert Palen drove up from Brooklyn and joined the party for the evening.

Harry Davis was numbered among the hustling young Kingston business men seen on our streets Wednesday morning.

Mr. and Mrs. Raymond Cruthers and children have returned to their home in Ridgefield Park, N. J. after a sojourn at their country place on Church street.

Fred Weeks and Paul James took a load of household stuff from West Hurley to Poughkeepsie Monday in Mr. Weeks' truck.

Edmund Longyear of Rockford, Ill., is visiting his mother, Mrs. Auer Longyear, and sister, Miss Edna Longyear.

At the primaries for election district No. 1, of Olive, held in Winchell's Hall Tuesday, a total of 16 Republican and 10 Democratic voters were enrolled.

Mr. and Mrs. Raymond Osterhoudt have been summoned home in the course of their vacation trip to Canada on account of the sudden illness of their son, Billy, who was seized with an attack of appendicitis Tuesday.

Local gardens are now filled with an abundance of all kinds of vegetables. Tomatoes especially are a bumper crop, and many householders have more than they need for home consumption. One farmer tried cantaloupes in his garden this year for the first time and was agreeably surprised to find that they not only survived the long, dry spell but were fruited heavily with large sized melons.

Members of the Reeves family plan to remain at their bungalow on Winchell Mountain until November, providing their water supply holds out. At last reports there was only two feet of water in the Reeves dug well.

September 16, 1908, Mrs. Auer Ennist, one of the oldest residents of the reservoir country, removed to Phoenixia to make her home, the Ennist place on the west side of the Esopus creek having been condemned in the interests of the new water-works project. Mrs. Ennist, widow of Daniel W. Ennist, as Miss Auer Davis was one of the first young women in Olive to receive lessons on the melodeon, another being Miss Cora Winans, who played the melodeon in the Shokan Dutch Church.

Loaded cauliflower trucks continue to go down Route 28 until late each night, according to residents of the village. Thus, with scores of big gasoline and milk trucks on the road during the daytime, the main street sees a deal of heavy traffic this autumn.

Mr. and Mrs. Charles Tyler and children, former residents of Shokan who now make their home in Traver Hollow, were callers here Sunday.

Justus North has finished some very attractive cobblestone work on the porch of Fred Guinac's residence at Ashokan. The exterior of the house has been painted white with green trim, this work being done by Leslie Elgnor of Glenford.

There are plenty of wild grapes along the old stone fence walls this season. Little grape wine is made here but the number of jars of jam and jelly probably runs into the thousands.

Miss Verna Giles has returned to her position at Vassar College after spending the summer here.

The Ladies' Aid Society of the Reformed Church will hold a social in the church hall on Friday evening, September 25.

William Griffith, a former Shokan boy, spent Sunday at the home of his uncle, Claude Rose, and family.

Edward Davis, a native of the old village of Olive, who for many years has resided in Kingston, called on friends here Wednesday. Mr. Davis has done considerable night fishing in the reservoir the past summer but has not gone out after the brook trout as in other years.

Mr. and Mrs. Earl Elmendorf of the village center are away on a motor trip to Boston, Mass.

Charles Davis, who died Monday, was one of the older residents of this section. He was a son of the late Mr. and Mrs. Edward Davis, whose farm homestead on the Plank road now is occupied by Mr. and Mrs. Arthur Carter.

Miss Elora Grant, teacher of the Shady school, spent the week-end with her mother at the Grant home on Church street.

BOWERS TRYING TO GET RELEASE OF 3 AMERICANS

Saint Jean De Luz, France, Sept. 17 (AP)—United States Ambassador Claude G. Bowers, said today he was using his good offices to obtain the release of three American newspaper correspondents reported "detained" by Spanish insurgents at Cantabria.

The three were said to be John T. Whitaker of the New York Herald Tribune and Floyd Gibbons and H. R. Knickerbocker, of Universal News Service and International News Service.
